BOLSHEVSKI OVERTHROWN; GRAND DUKE RULES HUNGARIAN GARRISONS JOIN IN OUTBREAKS

SHIPYARDS GAINING ON LOSSES TO SUBMARINES

More Tonnage Now Is Turned Out in England and America Than Submersibles of Kaiser Are Able to Destroy

MAY EXCESS SHOWN TO HAVE BEEN 35,580

Navy Officials Believe That No German U-Boat at the Present Time Is Nearer to U. S. Coast Than Thousand Miles

WASHINGTON, June 28.—For the first time since the inauguration of ruthless submarine warfare British and American shipyards are turning out more tonnage than is sunk, it was said this afternoon at the Shipping Board.

During May the gross tonnage launched exceeded by 35,580 the amount sunk by submarines. The figures are: Launched, 331,274; sunk, 355,694.

There is not a German submarine within 1000 miles of the American coast. This belief was expressed by navy officials today after a thorough investigation of scores of rumors that U-boats had been sighted and reported that S. O. S. calls had been picked up by coastwise steamers. It also became known that the navy department is not officially aware of the presence of an enemy raider. Rumors that a raider was off the Atlantic coast have been brought to the attention of the department from many quarters but in no instance have officials been able to verify them.

CHICAGO, June 28.—"I don't know how the Kaiser will pull out of this, but I am sure he is doing over here I would worry like hell." Charles Schwab, of the Emergency Fleet Corporation, made this comment here today in announcing that the May and June output of America in ships will total 500,000 deadweight tons, or more than any other nation in the world gets out in a year.

Eight Are Raised to Major-Generals

WASHINGTON, June 28.—Nominations of eight brigadier-generals in the National Army to be major-generals, and of forty-three colonels to be brigadier-generals were sent to the Senate today by President Wilson. The brigadier-generals recommended for promotion were Mason M. Patrick, Edward M. Lewis, William J. Shaw, William R. Smith, Peter S. Traub, William S. Graves, James G. Harbord and Charles H. Summerall.

Colonel Cornelius Vanderbilt of New York and Colonel Douglas MacArthur, son of the late Lieutenant-General MacArthur, and chief of staff of the Rainbow division, who recently was wounded in a drive on the German trenches, were among the colonels nominated to be brigadiers.

Size and Type of Auto Tires Reduced

WASHINGTON, June 28.—Immediate reduction in the number of types and sizes of automobile tires from 287 to 22 has been determined upon by automobile manufacturers in accord with recommendations of the conservation division of the War Industries Board. Under the program announced today, by November 1, 1920, all but nine types and sizes will have been discontinued.

Australian Premier Warns of Crisis

LONDON, June 28 (via Ottawa).—William A. Hughes, premier of Australia, speaking at a luncheon of the London Chamber of Commerce today, said the allies were facing the supreme crisis of the war. The German militarists, fully recognizing they must either achieve a decisive victory now or continue a hopeless struggle against daily increasing odds.

Suffrage Vote Is Not to Be Hastened

WASHINGTON, June 28.—Indefinite postponement of a vote in the Senate on the woman suffrage resolution, blocked yesterday, virtually was decided upon today by Senate suffrage leaders. They are ready to abandon the plan to force a vote next week and to withhold action until after the proposed recess of Congress.

Two Thousand Troops Are Condemned to Death For Mutiny in Austria

PARIS, June 28.—(Havas Agency)—There have been rebellious outbreaks among the garrisons of the cities of Győr and Pecs, Hungary, as a result of which 2000 of the military involved in the mutiny have been condemned to death, according to reports received by the Matin today.

Both Austria and Hungary are affected by the revolutionary movement which is said to be in progress on a large scale in Austria, the newspaper advises. The spirit of revolt is said to be strongly pervasive in the army.

Violent demonstrations are reported to have occurred in numerous cities.

AUSTRIA BLAMES WEATHER MAN FOR HER DEFEAT

WASHINGTON, June 28.—The Austrian press has confessed defeat in the battle of the Piave and blames the weather for the failure of their offensive, says an official despatch from Rome this afternoon. It adds that the attitude of the German press is also interesting, because the Germans, while discussing the defeat, are asking the Austrian command immediately to seek revenge.

With the recapture of the Caposile bridgehead and the recapture by the Italians of other parts of the battlefield, the defeat of the Austrians at the Piave has been sealed, says the despatch.

During the past few days the Italians have sent out scouting parties in order to test the old enemy lines. These gave the Austrians a pretext for inventing a tale about a new Italian offensive on a big scale and enabling them to announce their failure in a way to distract popular attention at home.

LONDON, June 28.—The Austrians lost 20,000 men in their ill-starred offensive against the Italians, said an Exchange Telegraph despatch today.

ROME, June 28.—An Austrian advance post in the mountain region was surprised by Italian troops yesterday and wiped out, the war office announced today. Along the front, as a whole, the activity yesterday was nowhere of marked intensity, although there was brisk fighting along advanced lines in the vicinity of Col del Rosso.

In this mountain area, after an Italian raid had resulted in the capture of prisoners and machine guns, the Austrians retaliated by attacking the Italian advanced line in force. The enemy was repulsed with considerable loss.

Austrian prisoners to the number of more than 500 were taken on June 26 during an operation in which the Italians extended their bridgehead at Capo Sile.

Seven German Planes Brought Down by Allies

LONDON, June 28.—Seven German airplanes were brought down by British airmen Wednesday and two others were driven down out of control, it was officially announced today. Two British machines are missing.

"With the improvement of the weather more photographic and artillery observation work was accomplished than has been possible for some time," the statement said.

A day bombing machines dropped 14½ tons of explosives on enemy railway stations, ammunition depots, transport and billets and on the docks at Brugge.

"On the night of June 26-27 operations continued and 16 tons of bombs dropped on Kortegbeek. Our airplanes attacked the chemical works at Ludweghafen, the factories and railway sidings at Saarbrücken and the air-drome at Bohlen. Several bombs fell on the active furnace at Saarbrücken. At Bohlen two hangars were set on fire. All our machines returned safely. One of our machines which yesterday was reported missing has since returned.

British Labor Favors Irish Home Rule Bill

LONDON, June 28.—The labor conference here discussed and passed a resolution recognizing the claim of the Irish to the right of home rule, along the lines laid down in the report of the O'Grady convention. James O'Grady, member of parliament, demanded that the conference of the colonial statesmen insist that Great Britain settle the Irish question now and concede home rule. Other resolutions proposed abolition of the House of Lords or exclusion of the nobility's hereditary privileges.

(Note: Pecs is the Hungarian name for the city of Fünfkirchen, 105 miles southwest of Budapest. The city has a population of about 45,000. Győr, more commonly known as Eszék, is a city of some 28,000 population sixty-seven miles northwest of Budapest.)

THOUSANDS JOIN IN STRIKE AT BUCHAREST

COPENHAGEN, June 28.—Thousands of persons are participating in the general strike at Bucharest, according to dispatches from that city today.

Socialist leaders have formed a workers' council and have demanded dissolution of parliament and adoption of the electoral bill. The strikers continue their demand that the government do its utmost to obtain peace soon.

Imperial Chancellor Hertling has been called to German headquarters in Berlin today. This news followed a report from Berlin that Foreign Minister Kuehlmann probably would resign immediately and would at least remain until the Rumanian peace and eastern question had been further cleared up.

Following Kuehlmann's speech to the Reichstag in which he said peace would not come through military effort, the Kaiser was reported to be furious at him. Summoning of Hertling to headquarters after word of Kuehlmann's intention to remain in office had been circulated, may indicate the Kaiser intends to take a firmer hand in the matter.

AUSTRIA'S LATEST PEACE FEELERS FAIL

LONDON, June 28.—Another Austrian attempt to throw out peace feelers, Switzerland has failed, it was reported here today in press dispatches from Zurich.

These dispatches state that Austria-Hungary, through an unofficial representative in Switzerland, during the past few days, had attempted to discover the allied standpoint regarding "important questions." The emissary failed completely and returned to Vienna.

AMSTERDAM, June 28.—Bulgaria is demanding that Germany and Austria-Hungary declare war on Greece, the Kreuz Zeitung states.

The campaign for the removal of Foreign Secretary von Kuehlmann is demanding that Germany and Austria-Hungary declare war on Greece, the Kreuz Zeitung states.

In the Reichstag and press anger at his confession of helplessness in victory for the Central powers and his display of weakness by his second speech in trying to avert the consequences of his first speech is rising.

In a violent attack on the foreign minister in the Reichstag Tuesday, Deputy Haase, independent Socialists, suggested that on the receipt of a certain telegram Chancellor von Hertling hurried to the house to openly hand von Kuehlmann the "silk cord."

Despised von Hertling, von Kuehlmann and von Payer, the vice-chancellor, as "fig leaves to hide the nakedness of the military government," and asked why the real ruler of Germany, von Ludendorff, was not made chancellor.

Fifty Are Cited for Bravery

WASHINGTON, June 28.—Fifty additional citations awarded American officers and men by the commanding general of the French army for their heroism and gallantry in action at the battle of the Somme were announced in General Pershing's communiqué made public today. The communiqué is an extension of the official report dated June 26.

Additional Liberty Loan Authorized

WASHINGTON, June 28.—The House voted today to authorize issuance of \$5,000,000,000 more in Liberty bonds.

The treasury now has authority to issue a total of \$20,000,000,000 in Liberty bonds. The bill also provides an additional \$1,500,000,000 for loans to the allies.

Germany Accedes to Request of U. S.

WASHINGTON, June 28.—Germany has accepted the invitation of the United States to send representatives to Bern, Switzerland, for a conference on August 5 with an American delegation on the general subject of exchange and treatment of prisoners of war.

FOR PLANES RAID PARIS, KILLING 11; BIG DAMAGE

Enemy Machines Approach the City by a Number of Different Routes and Are Subjected to a Withering Gun Fire

PROGRESS REPORTED IN SMALL RAIDS

U. S. War Department Receives Word Germans Are Prepared to Resume Drive Upon Which Hope of Foe Officers Rests

PARIS, June 28.—Andre Tardieu, commissioner of Franco-American relations, in writing his annual report today, said that the Allies will be a million American soldiers in France by July 4.

LEASSED WIRE TO TRIBUNE.

PARIS, June 28.—Eleven persons were killed and fourteen injured in last night's air raid, it was officially announced today.

In addition the Matin declared that great material damage was done. The enemy planes, which arrived at the city over different routes, were subjected to the most violent gunfire. Premier Clemenceau visited the ruins today.

"French troops made some progress and improved their positions in Senegal, north of Mondulidji, last night, capturing thirty prisoners," the war office announced today.

"Detail operations between the Marne and the Oure, south of Damery, resulted in twenty-two prisoners," the war office announced today.

ALLIED AIR RAID KILLS FOUR GERMANS

AMSTERDAM, June 28.—Four persons were killed and twelve injured in the allied air raid over Saarbrücken Tuesday, according to a Berlin despatch today.

LONDON, June 28.—"Attempted enemy raids in the neighborhood of Arras and south of Arras were repulsed Wednesday night with losses to the enemy," Field Marshal Haig reported today.

In the vicinity of Rossignol wood east of Arras, a German force was repulsed after a night of fighting. Casualties were inflicted by our patrols.

"Near Millecourt we carried out a successful daylight raid yesterday. We captured a number of prisoners and sustained no casualties."

Fighting activity on all fronts is again normal, it was indicated in overnight official statements. The Allies were reported to have advanced on the Aisne, at Col del Rosso and Capo Sile. Vienna declared all these efforts were frustrated.

Paris reported only artillery activity, while London detailed successful encounters.

REIMS CATHEDRAL TO BE HUN TARGET

The German war office, evidently as a play to further destruction of the Reims Cathedral, announced that allied artillery observers had "again" been seen on the cathedral.

"On the east bank of the Meuse we carried out successful reconnaissances north of St. Mihiel (where Americans are in the line)," Berlin said. "A strong attack was repulsed."

Enormous preparations are being made for a new German offensive on the western front, according to indications. These extend all the way from Amiens to Ypres (taking in the northern half of the Picardy front and the Flanders front).

The resumption of air raiding against Paris is considered by the military authorities as one of the signs that a new blow is impending.

Indiana Prohibition Sustained by Court

INDIANAPOLIS, June 28.—The Indiana Statewide prohibition law was upheld by the State supreme court here today. The decision was four to one. Judge John W. Spencer of Evansville casting the only dissenting vote.

Lenine and Trotsky Said To Be in Flight; Treachery Of Red Guard Is Fatal Link

LONDON, June 28.—Grand Duke Nicholas has been proclaimed czar of Russia, said a Central News despatch from Stockholm today, quoting a report current in Helsingfors, Finland.

(By Associated Press)

LONDON, June 28.—According to unconfirmed reports today, the Bolshevik government in Moscow has been overthrown, says a despatch to the Exchange Telegraph Company from Copenhagen.

Nikolai Lenine, premier, and Leon Trotsky, minister of war, are said to have fled to the Murman coast.

Moscow, the report adds, has been captured by Generals Korniloff and Kaledines, supported by German troops.

Advices from the same sources assert that Grand Duke Nicholas has been proclaimed emperor.

The Copenhagen newspapers, the agency despatch adds, gives prominence to a Berlin despatch quoting the Tages Zeitung of that city as follows: "It is believed here that the Bolshevik government will be soon overthrown and that Kerensky is the man of the future in Russia."

(Note.—The Bolshevik government was transferred from Petrograd to Moscow some months ago, when it appeared that the Germans were planning a drive against the former city. General Korniloff and General Kaledines were formerly at the head of the armies fighting against the Bolsheviks when the Germans and Bolsheviks were carrying on friendly negotiations. The Murman coast has recently been the scene of operations of German and White Guard (Finnish) troops. The Bolsheviks came into control in Russia after the Kerensky regime was overthrown. Their influence demoralized the army and it was quickly seen that the Central Powers would have an easy task to advance on the eastern front. In December, 1917, an armistice was entered into on the eastern front, the draft being signed at Brest-Litovsk on December 15. Subsequently, a treaty of peace was signed.)

ARMED PRISONERS HELD TO BOLSHEVSKI

That the Bolsheviks in Siberia could be overthrown easily but for the support of armed prisoners released by them, is the contention of the Harbin correspondent of the Daily Mail. In a despatch dated June 23, he stated that 20,000 prisoners fighting on the side of the Bolsheviks in Trans-Baikalia, 4000 are Magyars, who are the chief source of Bolshevik strength.

Another turn was given to the Russian situation late this afternoon by an Exchange Telegraph despatch which stated that Grand Duke Michael, who is heading an anti-Bolshevik revolt in the district of Omsk, had decided the throne, leaving the decision to the all-Russia assembly.

It had been stated in previous despatches that Grand Duke Michael had gone to Omsk to lead the revolutionary forces there.

"Grand Duke Michael must not be confused with Grand Duke Nicholas), the correspondent, could put down all opposition in Siberia. He adds: "The weakness of the Bolsheviks may be imagined from the fact that a few scattered Czech-Slovak forces are able to hold the Siberian railway from Tcheliabinsk to Nij-Udinsk, a distance of 1500 miles, and keep in touch with the counter-revolutionary movement in southeastern Russia led by General Alexiev."

"Bolshevism is a living corpse. Allied intervention is vital not only to save the Russians from the Germans but to save the Russians themselves."

The advice declare that the supporters of Grand Duke Nicholas have overtaken the Czech-Slovak forces in the Siberian provinces of Irkutsk, Blagoveshchensk and Khabarovsk.

RED GUARD DECLINED TO HAVE SURRENDERED

The defeat of the Bolsheviks is said to have been made possible by the victories of the Czech-Slovak forces and the treachery of the Red Guard. Several detachments of the Red Guard are said to have surrendered their officers and then surrendered.

The Exchange Telegraph Company publishes its message containing the reports of the Bolshevik overthrow and the accompanying details "with reserve" and points out that the information emanates mainly from German sources and should be received with caution.

Kerensky left today for Paris. Kerensky comes with the strongest credentials—first, as the former leader of Russian Socialism, who has learned by bitter experience the rocks and shoals that beset his course; and second, as the authorized spokesman of the Socialist and non-Socialist parties of Russia, says the former Times correspondent in Petrograd, who is now in London. He continues:

"Kerensky has wisely resolved to confine himself to propagating the lessons of the Russian revolution among the allies. His mission is intended as an appeal to the allies for aid in the only form it can be—arms and supplies to enable his countrymen to fight against the enemies of freedom."

"He insists, first of all, that all of the allies take a hand in this task. Russia, he says, does not want to choose between Germany and any other country. She wants to be free, but cannot achieve freedom under the Bolsheviks."

FREEDOM OF SLAVS FROM HUN, U. S. STAND

Secretary Lansing Defines the American Attitude in Terse Statement That Only a Complete Liberation Acceptable

ULTIMATUM DISTORTED BY FOE DEFINED ANEW

Overthrow of Bolshevik Government Not a Surprise to Washington, Which, Is However, Without Confirmation

WASHINGTON, June 28.—The United States takes the position that all branches of the Slav race should be entirely freed from German and Austrian rule. This was made plain by Secretary of State Lansing today in the following statement:

"Since the issuance by this government on May 20 of the statement regarding the national aspirations for freedom of the Czech-Slovaks and Jugos-Slavs, German and Austrian officials and sympathizers have sought to misinterpret and distort its manifest interpretation. In order that there may be no misunderstanding concerning the meaning of the statement, the secretary of state has today further announced the position of the United States to be that all branches of the Slav race should be completely freed from German and Austrian rule."

Plans for sending a commission to Russia to assist that country economically and industrially to achieve freedom of the point, it is possible to announce official authority that the personnel of the commission is now being discussed.

State department officials were frankly interested in the report from Stockholm today that the Bolshevik regime had been overthrown and that Nicholas Romanoff had been proclaimed emperor. There was no way of verifying the report here, but officials took the stand that because of the chaotic conditions in Russia, "anything was likely to happen."

"They were not at all inclined to believe the possibility that the regime of Kerensky and Lenin had been terminated as abruptly as it had arisen. Nicholas is the former grand duke and was commander of the Russian army prior to the overthrow of the Romanoffs. He was not imprisoned by the Bolsheviks at Omsk."

Ukraine newspaper reports quoted in German official wireless bulletins say the former Czar Nicholas was killed by a Russian Red Guard in a personal quarrel. Another German wireless dated rumors are current that the family of the Czar has been taken to Peruz.

WASHINGTON, June 28.—Thousands of machinists and skilled mechanics who have been called into military service and are now in training at the camps and cantonnments will be returned to civilian occupation and furthered for an indefinite period. It was learned today, as soon as plans mature which are being worked out jointly by the War Department and the Department of Labor.

The increasing industrial projects of the United States, it is necessary to complete the mighty war organization of the government, have been temporarily delayed at various points through a critical shortage of skilled labor.

The terms of the new schedule affecting skilled mechanics have not been adopted, although it is understood that the War Department has concurred to every request put forth by the employment divisions of the government.

The forthcoming program will be announced within a few days, it was indicated today, while orders relative to more careful selection of new men are already being observed by the local draft boards.

Washington Man Rotary President

KANSAS CITY, June 28.—John Toole, of Washington, D. C., was elected president of the International Association of Rotary Clubs. The vote was: Toole, 2272; Robinson A. McDowell, of Louisville, 14. The vote was then made unanimous for Toole. C. S. Brimmer, of San Francisco, withdrew.

Albert S. Adams of Atlanta was elected first vice-president; Edward J. Kelsey, Toledo, second vice-president; Willard L. Lansing, Providence, R. I., third vice-president; Rufus F. Chapin of Chicago was named treasurer, and Alfred E. Rowland of El Paso was elected sergeant-at-arms.

Millions Lost to Fake War Charity

NEW YORK, June 28.—Backers of alleged fake war charity enterprises and soliciting schemes defrauded the public of between \$2,000,000 and \$3,000,000 in New York city during the last year, according to a review of evidence presented to a special county grand jury by District Attorney Swaine during its investigation, which terminated today.

OAKLAND LAD BADLY HURT ON FRENCH FRONT

Private John C. Partridge of the United States Engineers Corps, son of John C. Partridge, 2016 Seventh avenue, has been severely wounded in France, according to word received from the war department today by his father. The telegram stated that Private Partridge had been wounded on June 2.

Private Partridge is 18 years old. He enlisted in Company F of the Idaho National Guard at Lewiston, Idaho, last year just before the National Guard entered the federal service. He went to France last Thanksgiving. His wife is Mrs. St. Paul, Minn., but lived most of his life at Clarkstown, Wash. His father and other members of the family came to Oakland from there ten months ago. A brother, James L. Partridge, lives at Livingston, Mead county.

Germans to Be Moved to New Prison Camp

WASHINGTON, June 28.—Arrangements have been completed for the transfer of about 2500 enemy aliens held at Hot Springs, N. C., from the jurisdiction of the Labor Department to the War Department. While the formal transfer will take place July 1, the aliens will not be removed to Fort Oglethorpe, Ga., where the internment camp of the War Department is located, until about July 15.

The camp at Hot Springs will be taken over by the surgeon-general for a reconstruction hospital.

FISHING VESSEL SAVES VICTIMS OF U-BOAT ATTACK

HALIFAX, N. S., June 28.—A boat load of sailors from an American vessel sunk by a submarine off the Atlantic coast was landed this morning by a fishing vessel at Snelbourne, N. S., says a message from that port today.

The men were picked up sixty miles south of Seal Island, in the Gulf of St. Lawrence. They had been drifting for eight days, surviving on a small quantity of bread and water.

The sailors, numbering 24, were from the steamship Dwinsk, a later message said.

Previous reports of the destruction of the Dwinsk, a ship under American control, said she was sunk June 18, 700 miles east of the Atlantic coast.

AN ATLANTIC PORT, June 28.—An empty lifeboat, found drifting between 300 and 400 miles south of Sandy Hook, was brought into this port today by Danish sailors from a Brazilian. Officers of the bark believe the boat formerly belonged to a large steamer, but all marks of identification were obliterated by the weather. The navy department has taken over the craft in order to investigate.

When the lifeboat was found a flag of distress was flying and the food compartment was empty. From all appearances it was indicated that the boat had been crippled a few days before it was found by the Danish bark.

Test of New Fire Aparatus Monday

Commissioner F. E. Jackson today invited the members of the city council to be present at the test of the new combination fire trucks which will be held at the foot of Clay street next Monday afternoon from 2 to 4 o'clock. The apparatus will be tested as to pumping efficiency and will throw streams for the entire period of the test, pumping water from the estuary.

Electric Shock Does Not Halt Fleeing Hun

PARIS, June 28.—Three barbed wire fences, one of which is charged with electricity, have proved ineffectual in hindering German soldiers from deserting across the frontier into Switzerland, says a Havas despatch from Basel.

HAGAN TAKES CHARGE.
On motion of Commissioner Edwards, the City Council today officially placed H. L. Hagan, assistant city attorney, in charge of the office during the absence of City Attorney Paul C. Mori, who has a leave of absence on account of his health.

ALLIES READY TO CALL HAND OF HINDENBURG

By WILLIAM PHILLIP SIMS,
United Press Staff Correspondent.
WITH THE BRITISH ARMIES IN FRANCE, June 28.—Hindenburg's delay in resuming his west front offensive is mystifying allied leaders, but is occasioning them no worry. Our ability to stop a new drive increases proportionately as he holds back.

Assounding rumors are in circulation concerning Hindenburg's reasons. There are stories of a strange new disease devastating whole divisions, thus necessitating postponement of the drive. Apparently the only foundation for this is the pre-

Cherry Tree Gives Red Cross \$11 Birds, Boys and Family Get None

See that no small bird or greedy boy steals the 1918 cherry crop. Do not eat a cherry yourselves. Pick our own fruit and save labor. Distribute it to neighbors and friends at retail prices.

These were the rules which, followed out to the letter, made the gift of Mr. and Mrs. K. A. Hedberg, 6020 Harwood avenue, to Oakland Chapter of the American Red Cross total \$11.25.

The Hedbergs in the years before the war enjoyed their cherry trees immensely. So did the birds and the small boys. Ofttimes luscious small fruit fallen on the ground went to waste. But now things are different. Neither birds nor backfence climbers nor ground were the richer. There was no waste. Conservation rules held.

"The Red Cross needs funds so badly," said Mrs. Hedberg in describing the methods which she and her husband had adopted in accumulating their additional Red Cross gifts, "that we decided that for one year we could go without cherries ourselves. We had a good crop, too. We did the picking ourselves and sold directly to our neighbors and friends. There was nothing wasted. It is an easy way to conserve. A little later we will do the same with another small crop. I am glad to have the public know about it. Perhaps other war gardens or small crops can help this way in Red Cross work."

JUST SAY YOU SAW IT IN THE TRIBUNE.

2 American 'Y' Men Cited for Bravery

PARIS, June 28.—Two American Y. M. C. A. workers, W. D. Howell of Detroit and the Rev. Murray Bartlett, formerly a chaplain in the Philippine Islands, have been cited for bravery. Howell's citation says that "during a heavy bombardment and a gas attack he assisted in the removal of wounded and gassed and gave religious burial to the dead and gave an example of courage, energy and efficiency."

Shines 15c Beginning July 1, '18

TO THE CITIZENS OF OAKLAND, CAL.:
We, the bootblacks of this city, on account of increased wages and cost of materials, are compelled to ask the public to stand by us in raising our price for shining black and tan shoes from 10c to 15c beginning July 1, 1918.
Signed by Every Bootblack in Oakland.

—Appropriate for gardening and outing wear. A buying opportunity.

NO EXCHANGES—NO RETURNS

WORKERS ARE NEEDED IN BIG STAMP DRIVE

While committees settled down for the last lap of the race to place Oakland on a par with the rest of the patriotic cities of the United States in the War Savings Stamp drive, today's efforts were directed toward more volunteer workers and, through special arrangement, an extension of the drive was decided on to launch a big "Stamp Offensive" that will start tomorrow morning.

There was no slackening down today, however, the general committee going ahead at top speed in its campaign, but in the meantime the officers were preparing for the "over the top" drive. Today, War Savings Day, saw pledges pouring into headquarters all day. Oakland seemed to have awakened to the importance of the drive, and this, say the committee heads, augurs well for the success of the extended drive that will be followed up tomorrow. The committee has not given up, but is still sure that Oakland will make its four million quota in the drive.

"There is still much to be done if Oakland is to make a good showing," said Executive Chairman B. F. Shapiro today. "Owing to the many agencies at work it is impossible to form a correct estimate of the amount of the pledges taken until the drive is closed. We are more interested in securing every pledge possible than in figuring out just what they amount to at this time. We are confident that Oakland will come out all right, but there will have to be a tremendous amount of work done Friday and Saturday. Our headquarters will be opened all Saturday for the taking of pledges. When our workers have done all that is possible, there will still be a large portion of the city that is not being canvassed."

"We are woefully short of workers,

"NANCY," Harry Coleman's walking doll, dancing to help the War Stamp campaign in the street campaign. "Nancy" is being held up by Coleman, the inventor, and Miss Kitty Ray.

but this condition could not be avoided. Hundreds of workers who volunteered for last drives are now wearing uniforms. On Saturday morning I would like to see every available man and woman in Oakland come to headquarters, and vol-

unteer for a day's work. We can use everybody that will apply, even should there be a couple of thousands. The reports of our district officers show that there is no hesitation to sign pledges provided that there are plenty of workers to explain the details of War Savings Stamps to thousands in the residential districts who have not been fully educated regarding this."

BURY KAISER AT WAR STAMP BALL

Pledge deputies, men in uniform, and squads of workers patrolled the city today. At the City Hall Plaza at noon the Hanlon Shipyard band played, the River-Quartet sang and speakers appealed to the crowds to back up Oakland's campaign.

The extension of the drive to tomorrow night was decided on, says County Director H. C. Capwell, because of unusual conditions in Oakland. "It was a physical impossibility to put enough deputies in the field during the early part of the week, but now we have plenty," he said. "Of course, we can use as many workers more as we can get—we need them."

The headquarters at 1444 Broadway will be open all day tomorrow, that those who were not called on by workers may sign pledges there.

E. F. Garrison, chairman of the Native Sons and Daughters' war savings campaign throughout California, and also of the county governmental department, reported to the committee that his own department as county auditor, County Superintendent of Schools George W. Frick and County Treasurer M. J. Kelly, are

FOR A CLEAR COMPLEXION

Nothing worries a schoolgirl more than pimples and eruptions but most girls of that age have them.

The blemishes may be due to indigestion resulting from improper diet. If so they will quickly disappear when the proper food is reached to. If they are accompanied by pallor and listlessness you must look to the condition of the blood.

Because these eruptions on the faces of school girls are so common they seldom receive the attention from parents that they require. When they indicate thin blood or anemia there is a ready remedy in Dr. Williams' Pink Pills. These tonic pills, free from harmful drugs, are pretty sure to help growing girls because they build up the blood at a time when the demand on it is greatest. As the blood is made rich and red, fickle appetites become normal, lassitude gives way to vigor, the cheeks and lips show the glow of health and the whole system is toned up and purified.

There has been no increase in the price of Dr. Williams' Pink Pills. Fifty cents per box, six boxes \$2.50 at your druggist or direct from the Dr. Williams Medicine Co., Schenectady, N. Y. The pamphlet, "Building Up the Blood," is free on request.

Children's Cough and Colds. For children's coughs and colds Chamberlain's Cough Remedy is excellent. It is prompt, effective and contains no opium or other narcotic and is pleasant to take. For sale by Osgood Bros' drug stores.—Advertisement.

GIRLS' GOOD SHOES

Accuses Seaman of Failure to Provide

On the complaint of Mrs. Vera Fulmer, 1924 Rose street, Berkeley, George M. Goodwin was arrested at the Terminal Hotel in San Francisco this morning by Detective Sergeants Nolan and Richards

on a charge of failure to provide. According to Mrs. Fulmer, Goodwin and his wife had separated and she had been bearing the two minor children of the couple. Goodwin had failed to pay their board and she swore to a warrant charging failure to provide. The present address of Mrs. Goodwin is not known. A statement made in the San Francisco city prison by Goodwin, who is a seaman, said that he had just returned from a three months' voyage and had enlisted in the naval auxiliary reserve and expected to be assigned to service immediately. He also said that he had sent his wife \$20 addressed to their former home in Berkeley and denied knowledge that the children were at present in the custody of Mrs. Fulmer.

Worms in Meat, Is Charged by Officers

WASHINGTON, June 28.—Army officers stationed at Camp Travis, Tex., this afternoon testified before the Federal Trade Commission that

meat shipped to the camp by the Wilson Packing Company of Chicago was so bad that it was full of worms. It was also stated that sausage received from the same company was unfit for use and had to be rejected by the mess sergeants.

"I HAVE used Dr. Caldwell's Syrup Pepsin and find it a most effective and pleasant laxative—one that is worth recommending to one's friends. I know that my health has been greatly improved since using it."

(From a letter to Dr. Caldwell written by Miss Alice Lombard, 22 Boylston St., Springfield, Mass.)

Dr. Caldwell's Syrup Pepsin

The Perfect Laxative

Sold by Druggists Everywhere
50 cts. (Two) \$1.00

A mild, pleasant-tasting combination of simple laxative herbs with pepsin. Brings relief without griping or other discomfort. A trial bottle can be obtained free of charge by writing to Dr. W. B. Caldwell, 458 Washington Street, Monticello, Illinois.

4 'LIVING GOD' CHURCH CHIEFS ARE INDICTED

The climax of the affairs of the Church of the Living God, Berkeley, came today with the indictment by the federal grand jury of Chief Apostles Joshua A. Sykes, Apostles A. M. Dean, Philip Nelson and Clerk Walter Crosby, alias Joseph Crosby, charged with conspiracy to violate the espionage act and to obstruct the draft law. The indictment was returned at \$5000 each by Assistant United States Attorney Caspar A. Ornbach and bench warrants for their immediate arrest were issued. They are charged in an indictment containing several counts with conspiring and urging members of the Church of the Living God congregation not to purchase Liberty bonds, not to contribute to the Red Cross, not to display the American flag on home or business buildings, not to stand when the national anthem was sung, or to show any mark of respect to the government or flag and specifically enjoining the male members of the congregation not to work in shipyards, munition plants or other essential war industries.

Sykes and most of his disciples left Berkeley some time ago for Colorado, where, they announced, they are going to establish a new Eden.

POULTRYMEN HEAR WEINSTOCK. PETALUMA, June 28.—State Market Director Harris Weinstock and J. H. Barber, manager of the Poultry Producers of Central California, today addressed the poultrymen of this vicinity at Evert's Hall, Petaluma.

HENEY NOT TO BE JULY 4TH 'DAY SPEAKER'

Francis J. Heney, whose political adherents in Oakland believed they had scored against all opponents when Mayor John L. Davis and the City Council indicted the candidate for governor to be the speaker here on the Fourth of July, will not be the "speaker of the day." This has been decided by the Merchants' Exchange committee preparing the program. Heney may speak elsewhere on the day in question, but his appearance will not have the sanction of "officiality."

In a statement calling attention to the desires of President Wilson and the National Council of Defense with regard to Fourth of July observance, W. E. Gibson, chairman of the literary committee of the Exchange, makes the following statement: "The joint literary committee, composed of special committees from the Council of Defense and the Merchants' Exchange, have unanimously decided upon the program in detail and have similarly unanimously decided that no political tinge shall be given the patriotic exercises by having any candidate for public office speak upon the program. The intrusion of any suggestion of division among our people, either of nationality, sect, creed, social or political, would in our opinion be exceedingly bad judgment and against the wishes of the President and the National Council of Defense, as well as being foreign to the spirit of the day, which is first of all and solely a day for the simple Americans, and this year the expression of consecration of all our people at home to the great cause for which our lads are offering their lives. No other thought can be permitted to mar the occasion or prejudice the spirit of the day."

"The proposition of having a candidate for governor at the coming election speak on this official program, after full consideration, was decided against by the joint committee for the reasons above stated. No prejudice to either the candidate or to his friends is at all indicated. Merely a feeling that the day is greater than the fortunes of any candidate or the possibilities of his oratorical entertainment. The committee desires to extend an invitation to the people of Oakland, Alameda county and the state to attend this celebration in a spirit of patriotic devotion to the principles of liberty and freedom upon which our nation was founded one hundred and forty-two years ago."

Following is the program: Professor L. D. Inskeep will read the Declaration of Independence. Dr. Frank Shiley has been invited as orator of the day to deliver a patriotic message in line with this new conception of the day's opportunity. Miss Lucy Van der Mark will represent Liberty and will sing the Battle Hymn of the Republic and the Star-Spangled Banner. The temple quartet has been engaged for special patriotic numbers. Drake's address to the flag will be given by Asa V. Mendonhall and a new song, "Democracy," composed by Miss Rose J. O'Brien of Oakland, will be sung. Music will be furnished by Professor Steindorff's band.

LIVERMORE PLANS GREATEST RODEO

LIVERMORE, June 27.—Arrangements for the biggest rodeo ever held in the county of Alameda have been perfected for July 4 by the Livermore Stockmen's Association, for twenty years the leading stock organization of Central California. The affair will be conducted on lines different from most rodeos and thousands of persons are expected to attend. The stockmen are handling the rodeo themselves. No concessions of a nature similar to those permitted at many other rodeos will be allowed. The animals which are to be roped and broken will be wild horses and bulls from the Livermore hills and other central California points. Genuine cowpunchers will rope and ride them, men who have been raised on the slopes of Mount Diablo and Mount Hamilton.

A hint of what the rodeo will be will be indicated by a parade which is to be held through the Oakland streets tomorrow morning. Riders and buckaroos, punchers and caballeros will pass in review, headed by the famous cowboy band. The rodeo will be opened by Chas. M. Flicker, district attorney of San Francisco, who will ride as grand marshal and Supervisor D. J. Murphy, who will officially represent Alameda county. Special trains will be run to Livermore on that day, management in anticipation of big crowds, have erected a special grandstand, and parking places for automobiles will be set aside for motorists, to the number of several thousand.

Emeryville Drafted Killed by Ambulance

George Garvate, a draft recruit, son of William Garvate, 1033 Forty-seventh street, Emeryville, is dead at Camp Kearny, having been struck and instantly killed by a motor ambulance yesterday. Witnesses said Garvate apparently threw himself under the machine's wheels. He had been sick for some time before leaving for Camp Kearny Tuesday, according to his sister. He had not been examined as to his fitness for service. Garvate's company officers said he had been acting in a peculiar manner since he reached here Wednesday night, and members of the Emeryville contingent at the camp said he had complained of being ill. Garvate was 28 years old, was a father, and was unmarried, living with his father.

Doctor Convicted of Robbing Woman

BOSTON, June 28.—Dr. Joseph Homer of Los Angeles is an inmate of the Charles street jail, to which he was committed after a jury in the Superior Criminal Court found him guilty of robbing Mrs. Midge E. Wilson of Lewes, Va., of \$17,500 at the Hotel Touraine on the afternoon of May 12, 1917. He was unable to comply with an order of the court that he furnish \$15,000 bail. The jury was out little more than an hour. The penalty may be life imprisonment. Dr. Homer's counsel took many exceptions and the case will be taken to the Supreme Court.

Want French in Place of German

CHICAGO, June 28.—Substitution of French for German now taught in Chicago's public schools and discontinuance of all publications issued here in the German tongue are asked in a resolution adopted and submitted to Mayor Thompson by the local chapter of the Daughters of the American Revolution.

Company D, Oakland Men, to Have Benefit

Company D, Sixth Infantry, composed largely of Oakland boys, and now stationed at the Presidio, will add some unwanted delicacies to its mess fund with the proceeds of benefit entertainments to be held at the Oakland T. and D. Theater on the afternoon and evening of Tuesday, July 2. Besides moving pictures the entertainment will include selections by a quartet from Company D. M. A. Bond, a member of Company D, is arranging the benefit.

MRS. HEATH WILL FIGHT REMOVAL

NEW YORK, June 28.—Mrs. Julian Heath, whose resignation as president of the National Housewives' League has been demanded by Attorney-Gen-

eral Merton E. Lewis, has announced that she would not relinquish the office. She defied the authorities to bring action against her.

Frank C. McKinney, retained by New Jersey members of the league, declared in a letter to the attorney-general that Mrs. Heath accepted money from manufacturers of certain food products which were endorsed by the league. This Mrs. Heath emphatically denied.

Lieutenant Calkins On Way to France

District Attorney Ezra W. Decoto has received word from his former law partner, John U. Calkins, now a lieutenant in Company C, 347th machine gun battery, that the company left for France last Saturday. Lieutenant Calkins was made train attendant for the trip across the country from Camp Lewis.

Lightning Fires 'Giant,' Entombed 15 Miners

VIRGINIA, Minn., June 28. — Fifteen miners imprisoned in a silver mine here when a dynamite explosion caused by lightning dislodged hundreds of tons of ore were feared today to be dead. Rescuers had been unable to communicate with them through pipe lines. Three men have been removed alive from the mine.

Mrs. Cords Explains Her Act Other Woman Cause of Shooting

SAN FRANCISCO, June 28.—Sitting in the Fairmount Hotel apartment where last Wednesday night she shot her husband, Robert Cords, who is now at St. Francis hospital in the crisis of the struggle for his life, Mrs. Alice Cords, released on \$2500 cash bail, said that the quarrel resulted from her husband's request that she go back to him the day previous, at the time of their reconciliation.

Pale and exhausted from lack of sleep, Mrs. Cords complained that her husband had used her "as he would an old glove," which discarded when it no longer pleased him.

"When he saw younger women who appealed to him," she said, "he decided I was only fit for the discard, and tried to cast me off. His infatuation for Miss Olive Curtin, his private secretary, was as wild as it was capricious. It was on her that he was spending thousands of dollars that I helped him accumulate."

Without emotion, except when she expressed hope for his recovery, Mrs. Cords gave a recital of the circumstances of their married life, their humble beginning when she helped pay the wedding expenses, their upward climb until he began drinking a year ago, and made Miss Curtin, his secretary, his confidante, instead of his wife. "Then," she said, "is when the storm began to break. I knew of his deception, and fought against it while he grew bolder and bolder until he finally told me that he was tired of me; that he needed a younger woman, who he had found, and that if I did not like it I could get out."

WON, THEN BRAGGED.
Although he bragged of his conquests of other women, I did not mention their names. In my recent suit for separate maintenance, and only brought Miss Curtin's name into it because I knew of her relations with my husband and because she flouted them in my face."

"I've been out with my little fat girl," he told me after a three-day's absence. "She has taken your place with me and you might as well accept the situation." The "fat girl," she says, is Miss Curtin.

Mrs. Cords told of automobile trips of her husband when he was accompanied by Miss Curtin. On one such trip her father, W. L. Curtin, former head of the California baseball league and part owner of the old Sacramento club, and Mrs. Curtin were along. Mrs. Cords told of a trip to Oregon with his "fat girl" when she met him at the state line to avoid the Mann law. She said that she knows of them having been on trips of this kind and of having taken apartments at the Hollywood and at the Clairmont on Fulton street.

Mrs. Cords says that her husband never failed to tell her where he had been after returning from trips with other women, and declares that if she failed to ask him he would volunteer the information.

PRICE OF HARMONY.
Out of the thirty property they have accumulated Mrs. Cords estimates that her husband has spent \$25,000 on other women, and says that when she spoke to him about his extravagances he would only sneer and increase the expenses, telling her, she says, that she was too old for him, and that if she wanted to be fair she would leave him. He proposed, she says, that she should waive all objection to his going out with other women. "Then everything will be lovely and we'll have harmony at home," she says, \$15,000 to appear in a downtown cafe with him and Miss Curtin, and when she refused he appeared daily with the girl at the cafe, and before the friends of his wife. She says he threatened "to kick me into the street."

"It was only because he knew that I had learned of his having apartments at the Hollywood and other places and feared the notoriety that I could cause him that he sought a reconciliation."

By the reconciliation agreement, she says, her husband turned over to her his stock in the Western Tallow Company and the Western Reduction Company together with the limousine and \$600 cash. After that they returned to the Fairmount. They went to Del Monte over the week-end, but she complains that having decided her property he thought he had shown his good faith and immediately wanted it back. Advised by her attorneys, she says she refused to make the retransfer and the trouble that developed out of the quarrel led to the shooting.

BOY DROWNS AS RESCUERS FAIL

VALLEJO, June 28.—Costa Kardassakis, 6-year-old son of Demetrio Kardassakis, a 1604 Virginia street, was drowned in a deep pool in the San Joaquin river at deep pool in the San Joaquin river at deep pool, according to a report received here today. The boy had been in wading and fell into deep water. His cries of distress attracted his father, who jumped into the stream and struggled toward him, at the same time calling to J. Harvel, a rancher, who was standing near, to throw a line.

Harvel became excited, and though he threw a rope successfully, he failed to hold to the shore end. The rope became wrapped about the leg of the two struggling in the water and enhanced their danger. The father lost his grip on his son, but later caught hold of the boy's hat, which was held on by a string under the chin, and was laboriously making his way to the bank, dragging the boy by the hat when the string parted and the boy disappeared. The river is being dragged for the boy's body.

American Prisoners Are Wards of League

Immediately following the usual half-hour of music in the Greek Theater Sunday a mass meeting will be held by the League for the Protection of American Prisoners of War in Germany. To this mass meeting all parents of boys in service or at the front are especially invited. The purpose is to meet the growing demand for information concerning the League, and to make public the record of its rapidly increasing membership.

Paper Makers Get 10 Cents Hour More

WASHINGTON, June 28.—A general increase of 10 cents an hour in wages of paper mill employees was announced today by the National War Labor Board, in making public its final decision in the controversy between nineteen manufacturing companies and their employees.

Capwells

Are you on the Roll of Honor?
Saturday the last day to sign your
W. S. S. Pledge

Ready for the Fourth

All hands are ready for a busy Saturday supplying apparel and outing needs for the Independence Day holiday. Newest things in Sweaters, Blouses, Separate Skirts, Jersey Coats, Middies, Wash Frocks and Hats.

Glimpses of Fall in New Suits Just In

Wonderfully clever new styles heralding the advance of the new season. Here in good variety for the woman who is going to travel or the woman who desires to be "very advanced."

The materials are stylish Oxfords, mannish Mixtures, Tricotines in the favorite navy and new shades of brown.

New style features are noticeable in the longer jackets and somewhat more conservative but ultra chic lines. The strong liking that women have for ripple coats has been gratified in the Fall styles, there being many smart models in the flare effects. Other models are made on the Norfolk lines with pleats, belts and patch pockets and are very smart for street and business wear.

These newcomers are priced from \$42.50 up.

(Second Floor)

White Skirts for the Holidays

It is easy to get the skirt you want here. We have a splendid variety of smart models in Gabardines, Piques and Surf Satins. Also some clever styles in tub corduroys in cream white, and the new cordurex in oyster white. Made in the latest sport effects with handy pockets and varying styles in belts. Prices—\$2.50 to \$8.95.

(Second Floor)

New Neckwear

For the Fourth
Lovely Collars and Sets

Never was there such a demand for Neckwear and Capwells have responded with a vast assortment of collars and sets. These are cleverly fashioned from real and imitation fillet, organdie finished with ruffling, hemstitching or embroidery, satin, pique and Georgette. Prices from—\$5.00 to \$6.95.

NEW FICHU RUFFLING
An ideal finishing for the wash frock or dainty blouse. In net and Georgette with ruffled edgings, some shirred with lace insertions; and in organdie with colored ruffles. Tard—75c to \$2.00.

WINDSOR OR MIDDY TIES
All the leading shades, colorings and combinations that could be desired for wear with the sport or outing suit and middy—35c to \$1.25.

First Floor.

Extraordinary Disposal of New Mid-Summer Hats

\$7.50

Trimmed Hats of exquisite beauty and grace, just here from New York. Sheer, dainty Georgette Crepes, Chiffons, Satins and fine Milans, beautifully trimmed with dainty flowers, ribbons and novelty effects. White and delicate tints of pearl, blue, gray and pink.

Outdoor Hats for the Fourth Special at \$4.95

Banded Milans in all shapes and colors to match the sweaters or skirts. Plenty of the much desired white ones.

(Second Floor)

Saturday is Children's Day

With the Fourth of July holiday close at hand and many long Summer days after that, the kiddies will need to be well outfitted with sturdy play clothes. Attractive play togs that will stand many a romp and picnic.

Girls' Khaki Dresses

Becoming two-piece khaki dresses for girls of 6 to 14 years. Carefully made and well fitting. Price—\$3.95.

Girls' Outing Skirts

Smart sport models for girls of 6 to 12 years. Made of blue galatea and rose and white and blue and white striped fabrics. Price—\$1.25.

Special! Outing Petticoats 69c

Girls' serviceable outing petticoats of striped gingham with scalloped flounce. 12 and 14-year sizes.

Fiber Silk Sweaters Just Arrived

FOR THE SMALLER TOTS there are lovely new fiber sweaters in white, rose, coral and turquoise. Sizes 24 to 28. Splendid quality—\$3.50.

FOR THE OLDER GIRLS, there is a pleasing assortment in rose, Nile and Copenhagen sweaters from which to choose. Sizes 32, 34 and 36. Price—\$5.00.

Second Floor.

Children's Wash Dresses

Cunning little models of gingham, chambrays and plain colors in a great variety of becoming styles. Of excellent materials and workmanship. Sizes 2 to 6 years—\$1.00, \$1.25 and up.

Girls' Wash Dresses—\$1.95 and up.

Wirthmor Waists, Always \$1.00

The prettiest styles in Wirthmors that we have received in a long time are ready for your choosing now. Always the best \$1.00 waist values to be bought anywhere.

Toys for the 4th

American children are so full of patriotism these days that they must celebrate the Fourth of July to the utmost or they won't feel that their duty is done. What child would not enjoy the Fourth more for the gift of a treasured toy?

Old Herbal Remedy Used Successfully in Relieving Diabetes

The most satisfactory results have been obtained in combating Diabetes by observing certain dietary rules and the judicious use of Warner's Safe Diabetes Remedy, an herbal preparation of 40 years successful sale.

Following is a letter from a grateful user:

"This letter is the best proof that I am still alive. Your medicine is a miracle to me. My weight was reduced from 157 to 114 pounds when I left the hospital. I left there Aug. 6th in despair. Hundreds of people that knew me said I would never live to return to my studio. After leaving the hospital, I saw your 'Ad.' in the paper. I began its use and at once commenced to improve, and now everybody is saying to me that I look better than ever before. I tip the scales at 132 pounds and I am back working again to the astonishment of all. I feel splendid and people say I am looking better every day. I must tell you that every word I have written is true, and I can prove it by hundreds that know of my condition. Jules Friquet, 511 West First Street, Los Angeles, Cal."

Warner's Safe Diabetes Remedy is made from herbs and other beneficial ingredients and has been on the market 40 years, a true indication of its value. Get a bottle today.

Sold by leading druggists everywhere. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 363, Rochester, N. Y.—Advertisement.

NURSE TO OCCUPY ST. PAUL'S PULPIT

Nurse Phillips, who has served since the beginning of the war in the trenches with the British army, will be the second woman to speak from the pulpit of St. Paul's Episcopal church. Nurse Phillips, who is speaking a brief farewell in Berkeley as the guest of Mrs. Mendell Wecker, has been invited by Rev. Alexander Allen, rector of St. Paul's, to occupy the pulpit of the church at regular Sunday morning services, while the congregation of St. Paul's is in the city. She will leave soon for England en route to the military hospital to take up her duties.

CAMP FREMONT, June 28.—Private A. C. Turner forced his company's name to a wedding permit and will spend three months in hard labor instead of a happy honeymoon. The wedding he planned is indefinitely postponed.

LOCAL MEN IN LIST OF CAMP LEWIS RAISES

Three Oakland men and one from Berkeley are in the new promotion list at Camp Lewis, all being promoted from second to first lieutenants. A list of eight of the second lieutenants were moved up a grade, it is reported. One is A. Arnold, formerly a clerk in the city, and who resided at 401 Oakland avenue, was among those named to higher office. F. R. Durkette, residing in Piedmont, and G. W. Tully of East Oakland, were also moved up. Roy L. Clausen, formerly an instructor at the University of California, and residing at 2248 Telegraph avenue, was the Berkeleyan winning a first lieutenancy.

Iron Works Fire Loss Put at \$6300

Fire Chief Elliot Whitehead reported that the adjustment of the fire loss of the United Iron Works, which was burned adjacent to the city hall, is estimated at \$6300 on patterns, \$3000 on buildings and \$700 on machinery. The fire was a general alarm, one of the first of its magnitude in the history of the department.

STANFORD TO HEAR DOHENY ASSAILS SHIPPING BOARD

STANFORD UNIVERSITY, June 28.—Much importance is attached to the course of ten lectures on the "Problems of Educational Reorganization Following the War," given under the supervision of the department of education. This course is open to the general public without reference to registration in the university.

Dr. Ellwood P. Cubberley, head of the department of education, spoke on the "General Problem of Education and the War." The cultivation of national pride and national consciousness has been our particular problem during the war.

DOHENY ASSAILS SHIPPING BOARD

WASHINGTON, June 28.—Edward L. Doheny of Los Angeles, president of the Pan-American Petroleum and Transportation Company, complained to the Senate Commerce Committee today that his company had lost \$1,500,000 to \$2,000,000 by the shipping board demanding higher prices for building five oil tankers than called for by contract.

He said after the tankers were commandeered while in course of construction, the shipping board informed the company it might have the ships if it would pay the higher prices, due to increased labor cost. "We allowed ourselves to be deceived," he said, "in order to get the ships."

The New York Shipbuilding Company was one of the firms mentioned by Doheny as getting an increase of \$700,000 for building one vessel. He said P. A. S. Frank, chairman of the shipping control committee of the shipping board, is president of a company owning stock in the yard.

Doheny also asserted that the shipping board's management of oil tankers had been "awfully bad," that American tankers were pined in trans-Atlantic service, although they were needed in consecutive trade to aid in preventing a prospective coal shortage of 65,000,000 tons on the Atlantic coast this winter.

F. R. Kellogg of New York, speaking for several oil tank companies, asked amendment of the pending bill increasing the powers of the shipping board as to permit tank companies to receive compensation for loss of business and for use of requisitioned ships.

be discussed by Dr. Edward R. Snyder, state commissioner of vocational education, on August 7, and on August 14, President E. L. Hardy of the State Normal School, will talk on "A Needed Reorganization of Educational Work."

EPIDEMIC DISEASE CHECKED IN STATE

SACRAMENTO, June 28.—Organized efforts for the control of communicable diseases in California have resulted in a 50 per cent drop in deaths from the epidemic diseases in the last ten years according to figures compiled by George D. Leslie, statistician of the State Board of Health.

On the contrary, death from diseases of middle age cancer, Bright's disease and diseases of the circulatory system have increased to a startling extent, thus proving the need for intensive work for the prevention and control of middle age diseases.

Deaths from diseases of the circulatory system in 1908 averaged 114 per 1000 deaths and in 1917 averaged 177.8, deaths from Bright's disease averaged 57.8 in 1908 and 75.8 in 1917, while deaths from cancer averaged 55.5 in 1908 and 73.3 in 1917.

For the ten-year period the diseases of the circulatory system averaged 109.7 per 1000 deaths, deaths from tuberculosis averaged 142.3 per 1000 and deaths from violence, including suicide, averaged 100.7. Deaths from all communicable diseases (excluding tuberculosis) averaged 16.0 per 1000 deaths in the 10 years.

BOY SCOUTS TO VISIT NAVAL UNIT

Tomorrow will be Boy Scout day at the beach encampment of the American Junior Naval and Marine scouts, at Camp Lewis, at Neptune beach. Every Boy Scout in the bay district, who appears in uniform, will be the guest of the naval scouts. They will be shown machine gun drill, naval, first-aid work, water emergency work, and the various other activities of the camp.

Next week will be San Francisco week. Boy Scouts and Naval Reserves from across the bay will be the guests of the encampment and will be given every opportunity to see the methods which are being used by Uncle Sam to make efficient Americans out of the boys. Officers from the Marine Corps units at the Mare Island navy yard are drilling the boys and teaching them the methods of marine living.

In addition to other features tomorrow, there will be exhibitions of wireless work, knot tying, boat drills, field work, wigwagging, camp cookery, sanitation work, a sham battle, and health drills. There will also be swimming work during the day in which various contests will be staged.

During the week the boys are aiding the War Savings committee in its drive to put Oakland up to its requested quota.

Eleven Men Called to Learn War Work

MARTINEZ, June 28.—Contra Costa Board No. 1 has summoned nine select service men, qualified for general service, to train next Sunday evening for Los Angeles to take a course in mechanical work.

The men called are E. F. Ladouceur, Corcoran, Theodore J. May, Martinez, E. R. Amussen, Martinez, Bennett, Allen, Antioch, Kenneth E. Crane, Martinez, A. J. Junction, Antioch, George E. Lord, Antioch, David Leckie, Pittsburg, J. W. Wayne, Byron, P. C. Christenson, Martinez, Robert E. Knight, Hercules.

Aviators Seek Relay Station for Air Camp

MARTINEZ, June 28.—In search of a suitable landing place in eastern Contra Costa, Major E. H. Fleet, chief instructor at McArthur Field, Sacramento, and Lieutenant R. W. Harkins, his assistant, have flown from Sacramento across the delta and over eastern Contra Costa.

They encircled Mount Diablo and returned to Woodland for the night stop. The spot for which they searched is to be used as a resting point for student fliers at the Sacramento school.

Milk soups better than you've ever made before!

HOT potato soup—how good it is for luncheon or supper! It is good the way you make it now, but the next time, make it this way with Libby's Milk:

Boil two potatoes and one-half onion. Rub through a sieve. Heat two cups Libby's Milk with two cups water. Melt two tablespoons butter, and add to it one tablespoon cornstarch, two teaspoons salt, paprika and pepper to taste. Mix this into hot milk, add potato mixture, and one tablespoon parsley. Serve hot. This will serve six.

See how much richer Libby's Milk makes all your milk soups—and all your cooking. It is fine, pure milk with more than half the moisture removed; nothing added. It is sterilized—to come to you fresh and pure. And Libby's method of handling and sterilizing gives it a delightful flavor that makes its users prefer it to any other milk in coffee, and in all cooking.

And it is so economical, so convenient you will wonder how you kept house without it!

When your recipe calls for milk, use Libby's Milk and water, half and half. Whenever it says cream, use Libby's Milk undiluted.

Order from your grocer today this milk that comes from famous Humboldt County pasture lands.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! it is harmless.—Advertisement.

Kansas Town Boasts Big Two-Year Gain

EL DORADO Kan., June 28.—This city claims the record of the United States for rapid growth in two years. According to figures made public by U. M. Green, who has just completed a census of the city, the population is 16,346. Two years ago the population was 14,000, a growth of 16.4, or more than 264 per cent.

Burning of German

Books a Gala Event

MARTINEZ, Wis., June 28.—While scores of people looked on the German text books formerly used in the Menominee high school were burned in the public square, thus marking the end of the teaching of the Teutonic language in the public schools of this city.

DISFIGURING PIMPLES HEALED

By Using Three Cakes Cuticura Soap and One Box Ointment.

"I was troubled with blackheads that affected my face only. I got them from careless washing, and I soon noticed that my face looked oily and dirty. Afterward my face broke out into pimples that feasted and pained dreadfully. They were scattered, and itched, and I would be awake a long time at night. My face was disfigured."

"I saw a Cuticura advertisement, and thought I would try them. I was healed after I used three cakes of Cuticura Soap and one box of Ointment."

(Signed) Miss Grace McMillen, Demers, Mont., August 11, 1917.

Keep your skin clear by daily use of Cuticura Soap and Ointment.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. H, Boston." Sold everywhere. Soap 2c. Ointment 25 and 50c.

HAD SUFFERED THIRTY YEARS

Mattson Takes Tanlac and Is Now Ready to Go Back to Work Again.

William Mattson, who lives at Linton, Oregon, and has been a sufferer sixteen years for the Wisconsin Lumber Company at Midway, Washington, called at the Owl Drug Store in Portland, recently and made the following interesting statement regarding the benefits he has derived from Tanlac:

"I have just finished my second bottle of Tanlac and am feeling so much better that I am ready to go back to my work. I have suffered with stomach trouble and catarrh of the head, nose and throat, for thirty years and had gotten so fed so badly I just had to lay off and come to Portland and see if I could find something that would give me some relief. I have spent lots of money in the past few years for medicines of different sorts without getting very much benefit. My condition got to be very much worse. I lost my appetite entirely and what little I did manage to eat caused me no end of trouble. Sourness and fermentation would take place soon after eating. Then gas would form on my stomach, causing heavy, depressed feelings and a constant belching of sour, undigested food. I also suffered from constipation, often had headache and was so run down generally that I never felt able to do my work. I was annoyed more or less all the time with catarrh in my head. My nose would stop up so I had to breathe through my mouth. There was a constant dripping of mucus into my throat and my eyes would water and burn."

"This catarrhal trouble no doubt had something to do with the bad condition of my stomach. Anyway, I have gone through a long time of suffering and Tanlac is the only thing that ever seemed to reach my case. I began to feel better by the time I had half finished my first bottle, and then I was convinced that I had at last found the right medicine. I can eat anything now and feel refreshed and good afterwards. My appetite is fine and I don't have any more of that heaviness and uneasy feeling after my meals. By using the Tanlac Tablets in connection with Tanlac I have gotten rid of the constipation and headache. The catarrh is so much better that I hardly notice it any more and I am now feeling fine. I am going back to work in a few days and am going to take good care of my Tanlac with me and expect to keep on using it for sometime yet, and when I get among the folks back home they are all going to know what it is that has done me so much good. I have gained both in weight and strength and am feeling like a new man."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Stores—Advertisement.

YOUTH'S DREAM OF ADVENTURE SPOILED

Nathan Fairbairn, 17-year-old Oakland youth, leaned over the rail of the steamer Golden Gate outward bound for Australia and chuckled quietly at the successful start of his great adventure. He had left home without notifying his relatives, finding things too dull to his liking.

Nathan figured he had cause to smile. He had been given a job as ship's steward, with the prospect of driving the captain's automobile in Australia. Also, the Golden Gate had steam up and about to sail, so that the journey calculated that a few minutes would place him beyond the reach of the police set on his track by his mother, Mrs. T. L. Fairbairn, of 638 Fairmount avenue. But fate intervened in the shape of a ship's cook, who celebrated the vessel's departure so heartily that he had to be shipped ashore.

There was delay in securing another cook. In the meantime the police notified by his mother that he was being shipped ashore, boarded the Golden Gate.

Nathan refused to leave the ship and as the police had not a warrant for his arrest they returned to secure one.

During their absence the youth hid himself in a closet on the ship, and required more than an hour's search by the officers on their return before they found him. He had become friendly with the first mate and members of the crew, who pleaded with the police to let him go, but he was taken to the police station.

Back home, highly disgusted at the spoiling of his plans to see the world.

PASTOR HELD AS DRAFT VIOLATOR

SAN FRANCISCO, June 28.—An indictment charging Rev. William C. Short, member of the People's Peace Council, with obstructing the draft act will be asked by Annette Abbott Adams, assistant United States attorney, as the result of the arrest yesterday of Short after he had refused to undergo a physical examination before a draft board in San Jose. Short is under arrest, with bail fixed at \$2500.

Short was arrested while presiding at a meeting at which Mrs. Hannah Skeffington was speaking. He was charged with sending through the mail literature proposed to obstruct the draft. At that time he was in class five of the draft, but at the request of the military authorities the San Jose draft board placed him in class one.

When Short refused to appear for medical examination after having been summoned, the San Jose board notified the United States attorney's office and United States Deputy Marshal Otis Bohn took him to San Jose, where he refused to be examined.

Supervisor Fred W. Foss has announced that he is running for county treasurer on an independent platform.

"Every candidate is boasting of an endorsement," declares Foss in his statement. "I received the endorsement of the county treasurer four years ago in spite of the fact that at that time the machine was well greased and false registration and fraud were later positively proved. At the city election in the spring following my candidacy for county treasurer the opposition had a challenge list of 15,000 names, many of which were those of false registrants."

"I did not want any misrepresentation," I told the ring. I was not a pussy-footer and I am not to put me in a coffin and nail me down, but I would be back next time for treasurer."

At the primaries Foss will be opposed by Dave McLaughlin, who is endorsed by Mr. J. Kelly, Colonel Sam J. Taylor, who has the endorsement of the Taxpayers' League, and George A. Smith, who is said to have the endorsement of the Alameda County Federation.

Foss Will Run for Treasurer

Supervisor Fred W. Foss has announced that he is running for county treasurer on an independent platform.

"Every candidate is boasting of an endorsement," declares Foss in his statement. "I received the endorsement of the county treasurer four years ago in spite of the fact that at that time the machine was well greased and false registration and fraud were later positively proved. At the city election in the spring following my candidacy for county treasurer the opposition had a challenge list of 15,000 names, many of which were those of false registrants."

"I did not want any misrepresentation," I told the ring. I was not a pussy-footer and I am not to put me in a coffin and nail me down, but I would be back next time for treasurer."

At the primaries Foss will be opposed by Dave McLaughlin, who is endorsed by Mr. J. Kelly, Colonel Sam J. Taylor, who has the endorsement of the Taxpayers' League, and George A. Smith, who is said to have the endorsement of the Alameda County Federation.

Barker Is Honored by Phi Beta Kappa

Former Superintendent of Schools A. C. Barker, who is being honored as a member of the Phi Beta Kappa of the Department of Education of Stanford University, has been accorded signal academic distinction in selection for membership in the Phi Beta Kappa, honorary society, which has just been re-elected in this city.

The society is an organization among universities of the country, of the Greek letter type, whose awards and memberships are based solely upon scholastic standing. The national headquarters are at Washington.

Editor Given Year for Comforting Enemy

SAN FRANCISCO, June 28.—Joseph Conole, proprietor and editor of the Honest Poultryman, published here, was sentenced to one year in the county jail for publishing articles and writing letters to V. J. McGregor, Ingleswood, Cal., which was construed by the federal grand jury to be a violation of the espionage act. Conole pleaded guilty before Federal Judge M. T. Dooling. Consideration was given by the court to his having been in jail two months awaiting trial. The case was prosecuted by Assistant United States Attorney Caspar A. Ormabuen.

Injunction Granted On Highway Work

SAN FRANCISCO, June 28.—The Southern Pacific Company was granted an injunction by Circuit Judge William H. Hunt, enjoining the Connors Green Company, general contractors, from further work for the State Highway Commission along the right of way of the railroad. The Southern Pacific contended that the movement of food and munition trains was impeded by the blasting operations of the contractors.

Sacramento Man Is Arrested As Forger

REDWOOD CITY, June 28.—A warrant has been sworn out here for the arrest of J. A. Adams of Sacramento, charging him with issuing worthless checks.

Two checks were issued by Adams, both drawn on a Sacramento bank. Justin Larreco, local saloonman, and Henry Lamb, a musician, were the victims. Larreco cashed a check for \$53.40 and Lamb gave Adams \$20 on a check, both of which were returned from Sacramento marked "no funds."

According to telegraphic advices received from Sacramento by Sheriff Michael Sheehan, Adams was placed under arrest there.

Aviators See Sign; Then Drop Letters

REDWOOD CITY, June 28.—The students of the Redwood City aviation school are looking forward to flirtatious developments from the big sheet of white bunting in the rear of Miss Helen Ambrose's yard, three miles from here.

On the sheet Miss Ambrose, who has been painting messages for the students to read as they fly overhead, painted today: "Faint heart never—"

Four of the students dropped notes to Miss Ambrose after they read the wording on the sheet. They refused to divulge the contents.

Dynamite Cap Blows Off Part of Hand

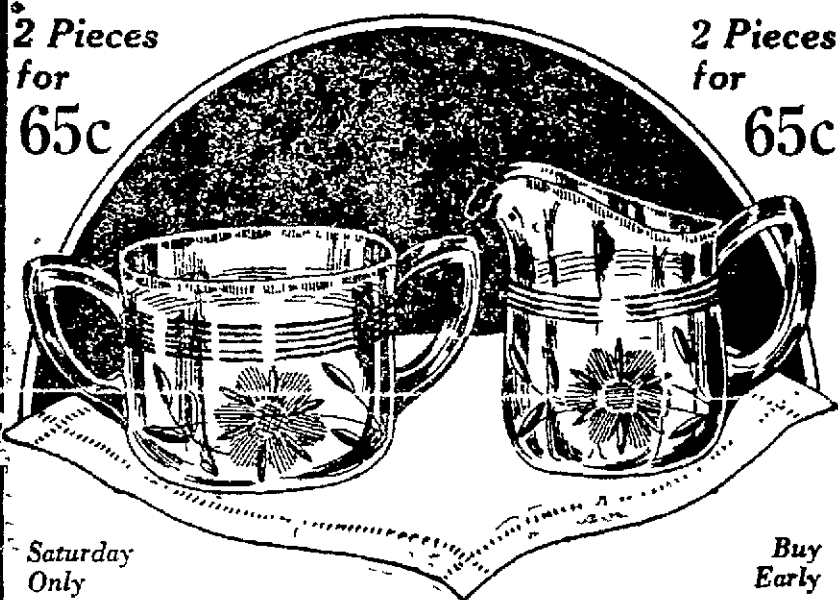

SAN MATEO, June 28.—George Scott, 11-year-old son of W. A. Scott, San Ma-

teo painter, narrowly escaped death when a dynamite cap exploded in his left hand mangle three fingers and blowing many tiny bits of copper into his other hand.

The boy was playing with the cap, and thinking it a firecracker, tossed a match to it. The concussion knocked him over. His screams brought his mother. The cap was size 6-X, large enough to have torn the lad's body to pieces.

"Bloody! Bloody!" is now an official definition of a principle of mechanics. At least as far as the superior court is concerned.

It started over a damage suit. The driver of the wagon had a horse with stripped gears. The animal killed its engine on an S curve.

A car came along and knocked the horse into a ditch. The wagon into a grocery. Whereupon the laundry company sued the corporation. The latter's attorney tried to show that it was not the speed of the train that did it.

"It was the inertia of the wagon," he declared. He explained inertia as a resident desire on the part of the wagon to stay where it was instead of being ready to go elsewhere when called. The witness, who had seen the accident, did not seem to catch the inertia idea. At least no ray of human intelligence dawned.

"You know what inertia means, don't you?" asked the attorney.

"You bet," replied the witness. "If the old woman's got it it is nervous prostration. If I got it, it's plain laziness. If a wagon gets it—bloody, bloody!"

That's how "bloody, bloody" came to be a part of the official record and definitions of Alameda county.

HE SHOULD WORRY OVER PRICE A BARREL

Anent the rise in the price of beer, as a result of which every-

body wears an unhappy expression.

"I hear the price of beer has gone up \$1 a barrel," said one waterfront "rat" to another.

"Wot do I care," he growled. "I get mine by the glass."

INTO REAL ESTATE BODY AND SOUL

Today we got a letter from an "Indignant Subscriber" informing us that the facts were all correct but that we stated them wrong. "James Treadman is dead and in his grave," said our informant. "He sure went into real estate body and soul but you might have wrote it different."

The "I. S." is right. We might have. Doggone that Sunol correspondent!

CERTAINLY TAKES LIFE EASILY

Prosecuting Attorney William H. Hennessey was prosecuting a chauffeur who ran down and killed a man while speeding. The man had been killed all day and had thrown Hennessey back like a wave on the shore. He seemed little remorseful for what he had done. Finally his indifference aroused Hennessey's admiration.

"You certainly take life easily," he remarked, as he shut up his law book and arranged for an adjournment.

GRAIN PRICE FOR COAST IS UPHELD

SPOKANE, June 28.—The government wheat price of \$2.20 at Pacific Coast ports will be maintained, despite increased freight and insurance costs, which may amount to 15 cents a bushel, it is declared in a telegram from the Food Administration at Washington, made public here at the office of State Food Administrator Hebbard.

Pacific Northwest grain interests met Food Administrator Hoover and Chairman Barnes of the Food Administration Grain Corporation in conference in Washington, the telegram says.

"It is understood that the Shipping Board finds that the rate of \$3.50 per ton made upon wheat from Pacific Coast ports to the Atlantic has proved to work out at a loss and that the board will find it necessary to advance the rates," says the Food Administration's telegram. "The matter is still under consideration."

"Furthermore, the insurance rates on both ships and cargo have been tremendously advanced and the insurance rates on wheat products have increased by virtue of submarine activities on the Atlantic seaboard, further increasing the cost of the sea haul from Pacific Northwest ports to Atlantic ports."

"The net result is that it may cost as much as 15 cents a bushel more to transport wheat from Pacific Northwest ports to Atlantic ports than has been contemplated. In the meantime the advance in railway rates may increase the price of wheat in New York some 10 to 12 cents a bushel."

Indian Tribes May Claim Old Quarries

WASHINGTON, June 28.—The Senate committee on Indian affairs has reported favorably a bill conferring jurisdiction on the Court of Claims to determine the right of the Yankton Indian tribe to the red pipestone quarries in South Dakota.

Mexican Lands Will Be Reclaimed; Farmed

LOS ANGELES, Cal., June 28.—Reclamation of millions of acres of arid lands in Northern Mexico is contemplated by the federal government, according to Pastor Rouaix, secretary of agriculture, who arrived here on a tour of the Southwest with a view of studying agricultural methods and especially irrigation.

Accompanying the secretary were Jose Duvalon, director of agriculture, Ignacio Bancalari, director of irrigation, and Salvador Bacano, director of forestry, game and fisheries.

A Curbstone Conversion

BILLY PIERSON: "Well, Bob! I haven't seen you for months—where've you been?"

BOB CURRIER: "Oh, I've been laid up for several weeks—it's pretty good to get out again too, I can tell you."

BILLY: "For heaven's sake—not hospital?"

BOB: "Yes sir, and I just dodged an operation."

"What was the trouble?"

"Why, Billy, the doctors called it some awful name, but it was nothing more or less than a 'clog' in my intestines; waste that wouldn't move—poisoning me—breeding a fine line of serious diseases."

"What did they do to you up at St. John's?"

"They were all ready to operate for appendicitis. That food waste had accumulated in the large intestine, where the appendix is. I had had pains, and I always tried to cure them with pills or salts."

That only shook up my system—flushed it hard—and left that poisonous waste right there, dryer and harder than ever. Taking a pill for for that condition is like driving your car up Ten Mile Hill to get the carbon out of the cylinders."

"That's right."

"Well, the doctor said 'We'll see if we can't move that obstruction naturally before we try to operate.'"

He put me on my back, and I watched the clock, counted my fingers, ate a diet and took Nujol. The Nujol softened that dry mass, moved it on, and after a while I began to be regular—my system is my clock now. I take a little Nujol morning and night just before tooth-brushing and I really don't know what it is to feel low. Pleasant to take too."

"What does the Nujol do?"

"Simply softens the contents of the bowels—without in any way interfering with digestion—and lubricates the ashes easily along the intestines. It's not absorbed. You get rid of every drop you take. For a man who doesn't exercise much, or who works so hard that he hasn't time to keep his insides as clean as his collar, it just helps nature out, see?"

"Sure (he twists the self-starter) I'll bet there are thousands of men right now in the same shape you were in. Only one of them knows it and he just found it out. Hop in!"

"Where you bound, Billy?"

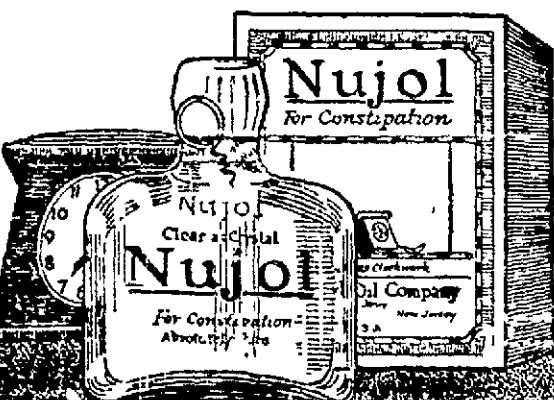

"I'm going to take you down to the drug store, and then if you're real good and you help me buy one bottle of Nujol, we'll go out and shoot about nine holes before supper. How about it?"

The car containing the Man Who Was Sick, and the Man Who Isn't Going to Be, gathers momentum and slides away.

For your own protection insist that the druggist give you the genuine Nujol in a sealed and capped bottle, bearing the Nujol trademark in red—never otherwise. Nujol is absolutely pure and harmless. Inferior substitutes may give unpleasant results. Genuine Nujol sold by all druggists in the U. S. and Canada.

Send 50 cents and we will ship new kit size bottle to U. S. soldiers and sailors anywhere. Write for attractive free booklet on the Nujol treatment: Section 8, Nujol Dept., Standard Oil Co. (New Jersey), Bayonne, N. J.

"Regular as Clockwork"

200 RABBIS WILL PLAN WAR WORK

CHICAGO, Ill. June 28.—With an attendance of approximately 200, the twenty-ninth conference of the Central Conference of American Rabbis opened here today, and will continue in session through July 4.

The first meeting in connection with the conference was held this afternoon, when the executive committee, headed by Henry Berkowitz of Philadelphia, met.

The conference proper will be opened tonight at Temple Shalom, with full services and a lecture by Rabbi Abram Simon of Washington, D. C.

The war and its relation to the Jewish faith in America and among the European belligerents will be discussed freely at the conference and round-table discussions on "Religious Work in the United States Army Navy" will be conducted by Rabbi Isaac Landman, Far Rockaway, N. Y., and Rabbi Horace J. Wolf of Rochester, N. Y.

Other speakers include Rabbi Max Reichler, New York; Rabbi L. M. Franklin, Detroit; Rabbi Henry Berkowitz, Philadelphia; Rabbi Morris Newfield, Birmingham, Ala.; and Rabbi I. M. Bloom, Springfield, Ill.

Officers of the conference are Kaufman Kohler, honorary president, Cincinnati; Louis Grossman, president, Cincinnati; Leo M. Franklin, vice-president, Detroit; Abram Simon, treasurer, Washington, D. C.; Abram Hirschberg, recording secretary, Chicago, and Louis Wolsey, corresponding secretary, Cleveland.

Limit Club Adds New Members More Pledges For Stamps Made

Slowly the "Limit Club" whose members are pledged to subscribe \$1000 to the War Savings drive, is increasing its membership from among Oakland's representative citizens. The committee in charge of this drive, headed by A. S. Lavenson, has been doing some remarkable pioneer work in this regard. As a result the list is growing longer.

Today the "snail" squad went to work on the "dead" elements in the community who in their judgment, were financially able to pledge the limit but had refused to do so. Equipped with rapid fire arguments and a strong popular wind behind them they called in and out of various

phila; Rabbi Henry Englander, Cincinnati; Rabbi Morris Newfield, Birmingham, Ala.; and Rabbi I. M. Bloom, Springfield, Ill. Officers of the conference are Kaufman Kohler, honorary president, Cincinnati; Louis Grossman, president, Cincinnati; Leo M. Franklin, vice-president, Detroit; Abram Simon, treasurer, Washington, D. C.; Abram Hirschberg, recording secretary, Chicago, and Louis Wolsey, corresponding secretary, Cleveland.

LAND EXPOSITION TO AID WAR WORK

The United States Food Administration, according to Ralph P. Merritt, food commissioner for California, who has addressed the following communication to Harmon Bell, president, who will take an active part in the Pacific Coast Land and Industrial Exposition.

Fundamentally the exposition is planned to show the producing power of the West, by assembling the industries, agricultural and manufacturing for a thirty-day show.

In recognition of this, through Frederick O'Brien, Merritt has addressed the following communication:

"United States Food Administration, Ralph P. Merritt, Food Commissioner for California."

"June 18, 1918.
"Mr. Harmon Bell, president, Pacific Coast Land and Industrial Exposition, Civic Center Auditorium, Oakland, Calif."

"Dear Mr. Bell—We are in sincere accord with the plan of the Pacific Coast Land and Industrial Exposition as outlined in your personal announcement—that of utilizing the Exposition to show the producing power of the West, the products of land under cultivation and the possibilities of the uncultivated land, all as a war-winning measure."

"I feel assured that this educational movement and the spreading of the food propaganda together with actual demonstrations of food saving, substituting and preparation, will prove of infinite value in our ultimate success. The United States Food Administration of California, therefore, will co-operate with you at the Exposition from September 9 to October 6 in making an exhibit in furtherance of education and food conservation."

"Yours very truly,
"UNITED STATES FOOD ADMINISTRATION FOR CALIFORNIA
"BY FREDERICK O'BRIEN,
"Director of Education.
"FOR RALPH P. MERRITT"

Whirr of Machine Cause of Divorce

According to a complaint for divorce filed today by Mrs. Vivian Brooks, her husband, Lloyd C. Brooks, was so severely that he objected to the noise made by the sewing machine while she was mending his clothes. He objected to building the fire on holiday mornings, too.

Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it.

Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of the little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There is a most remarkable preparation, known as Mother's Friend, which has been used by women for over half a century before the arrival of the automobile. It is a most effective application for the abdomen and breast. By daily use throughout the waiting months, strain and tension is relieved. The muscles are made elastic and pliable so that when baby comes they expand with ease and the pain and danger at the crisis is naturally less.

Then, too, the nerves are not torn and worn with that usual nervous strain, and many distresses, such as nervousness, nausea, bearing down and stretching pains are among the discomforts and debilitating experiences women who have used Mother's Friend say they have entirely escaped by the application of this time-honored remedy. Thousands of women have used Mother's Friend and know from experience that it is one of the greatest contributions to healthy, happy motherhood.

Write to the Bradford Regulator Co., B-47 Lamar Bldg., Atlanta, Ga., for their "Motherhood Book." There is a word of instruction and comfort to be derived from reading this little book. It is plainly written just what every woman wants to know. Get a bottle of Mother's Friend from your druggist today, and thus fortify yourself against pain and discomfort.—Advertisement.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeble assurance of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it at night and morning and you should soon find that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. The E. W. Rose Co., Cleveland, O.

Non-Fatal Injuries Quite Common. In a booklet published by the Aetna Life Insurance Co. we find the following item: "Available statistics prove that last year in the United States 11,000,000 people received non-fatal injuries. These must include slight injuries not sufficiently serious to require the attention of a surgeon. People should be prepared to treat injuries of this character themselves, for most of them all that is needed is a bottle of Chamberlain's Liniment. It is excellent for sprains and bruises, and to relieve rheumatic pains. For sale by Osgood Bros., drug stores.—Advertisement."

Club for Fighters Open in Washington

WASHINGTON, June 28.—Enlisted U. S. soldiers passing through Washington now have a regular clubhouse where they can find fine eats, music, reading room and sumptuous beds. A night's lodging costs 25 cents. Reasonable rates prevail in the cafeteria.

The house has been opened for use of soldiers of the ranks by the National Congress of Mothers, and is at 1314 Massachusetts avenue N. W.

Mexican Journalists to Visit Shipyard

SAN FRANCISCO, June 28.—A score of prominent Mexican journalists and newspaper men, guests of the nation, will arrive here Friday in charge of Lieutenant F. S. O'Reilly, U. S. N. R. S. On Saturday, at the request of the Emergency Fleet Corporation, the tug of the San Francisco Harbor Commission will be placed at their disposal and they will be taken to the Moore shipyard in Oakland and then to the Potrero plant here of the Bethlehem Ship Corporation.

Pontoons Destroyed As Menace to Ships

AN ATLANTIC PORT, June 28.—Two iron tank pontoons of American manufacture were destroyed by a Belgian steamer when they were found drifting, a menace to navigation, between Ireland and Scotland, June 19, the line reported on arrival here today. Apparently the pontoons had been used for repairing submarine chasers.

SAYS WILSON HAS THOROUGH WAR METHODS

CHICAGO, June 28.—An intimate picture of President Wilson's familiarity with the industrial phases of America's war preparations was given today by Edward N. Hurley, chairman of the Shipping Board, in an address before a meeting here of the Illinois Manufacturers' Association.

"We are applying manufacturing principles to the shipbuilding business and we find these methods successful," Hurley said. "Incidentally, it may interest you to know that the methods adopted have been followed with close interest by President Wilson. I think there is no impropriety in telling you that the President handles all his work so systematically that he finds time to give a part of his time even to the more intimate problems of the various departments."

"The President knows more about costs than any of you would believe to be possible in the case of a great war executive. You know that Congress allotted the President an appropriation of \$100,000,000 for emergency war purposes. He personally kept his own accounts and you may be sure that every dollar was carefully expended under his direction."

"The President has been steadfast in his determination there shall be

New Cause Assigned for Bishop's Action

One reason for the worry that is believed to have been responsible for the sudden and unexplained disappearance of Harry W. Bishop, Oakland theatrical man, who is now believed to be in Vancouver, appeared today when the Valley Savings Bank of Livermore filed in the office of County Clerk Gross a suit to collect on a \$500 note, dated September 1, 1914, and signed by Bishop as president of the Bishop Company. The note is secured by a mortgage on property at Alameda and Durant streets, upon which the complaint says the bank has been paying the taxes. The suit asks that the Court establish the claim of the bank as a first lien upon the property.

no profiteering in this war. "President Wilson's whole thought is given to the successful prosecution of the war, and when the end of it comes America will have the

consciousness that there will be no repetition of it and that the peace of the world will be secure."

Hurley continued: "The American manufacturer, bank-

er and businessman generally may begin today to think in terms of world markets. When peace comes we shall find ourselves with an enormous mercantile marine on hand, as well as a

shipping industry of magnitude unlike anything that has hitherto existed. Success in employing that merchant marine hangs squarely upon manufacturing efficiency."

Lift off Corns, Magic! no Pain

Drop Freezone on a touchy

corn, then lift corn off
with fingers

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of other discovery of a Cincinnati genius—Advertisement.

HOW THIS LITTLE BOY

Recovered Strength After Sickness. Garrett, Texas.—"The measles left my little boy, aged 9 years, in a very weak, run-down condition—he coughed a good deal and as medicines did not seem to help him, we finally took him out of school and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well." Mrs. E. A. Wright.

There is nothing like Vinol to restore strength, appetite and vim to pale, sickly children. We strongly recommend Vinol for this purpose. —Advertisement.

Over the Top and Then Some

"I never felt better in my life than since the first dose of May's Wonderful Remedy. I had a bad case of indigestion and bloating and tried all kinds of medicine. May's Wonderful Remedy is all and more than is claimed for it. On my recommendation our postmaster's wife is using it with good results." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Osgood Dept. Drug Stores and druggists everywhere. —Advertisement.

WATERWAY EXPERT VISITS IN OAKLAND

Marshall Shackelford, field secretary of the National Rivers and Harbors Congress, declared by many to be second in importance to the Congress of the United States, arrived in Oakland yesterday. He will be here for ten days and will get in touch with the Oakland members of the congress.

"The National Rivers and Harbors Congress has some very definite policies," said Shackelford, "and its views and objects have received the approbation of President Wilson, William Taft and Theodore Roosevelt. It is the foremost organization in the country advocating the development of waterways."

"If there ever was a time when the friends of waterways have to be awake and busy at work that time is now. Transportation is important in the time of peace, but it is absolutely vital in time of war."

"Before it will be equal to Germany, for instance, in transportation facilities, the United States must complete a system made up of 108,000 miles of dependable waterways. What her transportation system meant to her in time of peace is shown by her foreign commerce, and when the war broke out she was able to turn her railways almost entirely to military uses, meeting the needs of her own people, continuing to trade with neighboring neutral countries and sending millions of tons of munitions and supplies to the various fronts over her system of rivers and canals."

"We have hardly started the war yet, but our transportation has been shown to be largely inadequate. Delays, congestions and embargoes have thrown thousands of men out of employment and caused a great deal of costly inconvenience. The worst of this transportation trouble has been that the supply of food and munitions, so urgently needed by ourselves and our allies in Europe, has been interfered with. An improved system of waterways would have avoided many of these difficulties. The National Rivers and Harbors Congress still believes in the improvement of waterways and harbors, but just now the emphasis is being laid on making the fullest possible use of those we have."

Shackelford carries letters of introduction from Senator James D. Phelan and Senator Hiram Johnson.

Women to Go Into Orchards; Pick Fruit

SAN MATEO, June 28.—San Mateo is preparing to send her first women into the ranks of industry depleted of men by war. Mrs. J. C. Baker, Miss Catherine Cairns and Miss Marion Hall of this city and Miss George Zeh of San Carlos are today expecting a call from Santa Clara to pick fruit in the orchards. They will wear blue overalls, jumpers, leggings and a wide-brimmed hat. A chevron on the left sleeve will indicate that there is a war service.

The women are enrolled here by Miss Bina Early as co-operatives of the Women's Committee of the National Council of Defense. Others are to be enlisted soon in the hope of filling out the 25 per cent shortage of labor in the Santa Clara valley.

HOW TO CANNING

HOME CANNING IN A NUTSHELL

(Clip this out and save it.)
Boil jars and tops for at least 15 minutes before filling them. A wash boiler or any other large vessel (with tight-fitting cover) fitted with false bottom of slats or wire mesh may be used for the processing vessel.

While jars are still hot pack with prepared product.

Without delay place rings on jars and put on hot tops, but do not screw or clamp air-tight at this stage.

Place partially sealed jars while still hot into warm water up over the tops. Put cover on boiler.

Boil (process) the filled jars for the time or periods specified. Seal by clamping or screwing tops until the jar is absolutely air-tight. Cool the jars out of a draft and when cold test for leaks.

Cherries when canned whole should be blanched by dipping into boiling water for 15 seconds, which prevents splitting. For sour cherries, use a sirup made by boiling and straining 5 pounds and 8 ounces of sugar to 1 gallon of water. For sweet cherries, use a sirup made of 3 pounds and 9 ounces of sugar to 1 gallon of water. Pack in previously boiled jars. Honey or other sirups can be used instead of sugar sirup. Partially seal jars. Boil (process) quart-size jars in water bath for 25 minutes. Seal airtight, and when cold test for leaks. Store in cool, dark, dry place.—U. S. Department of Agriculture.

Stomach Troubles.
When your system becomes clogged from overeating, constipation and a torpid liver, your stomach is likely to trouble you. A dose of Chamberlain's Tablets will give you quick relief. They cause a free movement of the bowels, tone up the liver and strengthen the digestion. You will be better when you realize how much better you are feeling a day or two after taking these tablets. For sale by Osgood Bros. drug stores.—Advertisement.

Arson Machine Found On Alien

PITTSBURG, Pa., June 28.—A high-power air gun and mechanical arson device, designed to destroy buildings without leaving a trace, were found by

Department of Justice agents today in the effects of Fernando Roberto Eduardo Ludlecke, German alien enemy, arrested last night on charges of failing to register. Ludlecke, who speaks five languages, told officials he was born in Germany and formerly was a German army officer.

Hun Tanks Look and Move Like Turtles

WITH THE AMERICAN ARMY IN FRANCE, June 28.—The fighting tanks built and used in Germany look like a turtle surmounted by a turret. They are

of a large type generally. The armor plating is very strong, possibly double, and affords effective protection against special infantry munition, but it is not gun-proof.

In battles between British and German tanks, the English tanks armed solely with machine guns were powerless against their opponents, while those armed with guns of larger caliber drove back the German tanks. The speed of the German tanks is very limited in broken country.

WASH FRONTIER—Dark and aluminum colors flowered patterns, at yd.

WHITTHORNE & SWAN, Washington St. at 11th

reasonably refuse to work six days each week, and the slackers who are now loafing a third of the time would suddenly find it to their advantage to work regularly.

A BUCHANAN MONUMENT.

It is interesting that the erection of a statue to James Buchanan, fifteenth President of the United States, should stir the embers of political conflict that were supposed to be extinct. Buchanan was a Northern man, a native of that ultra loyal State, Pennsylvania; but he was the occupant of the White House at the outbreak of the Civil War, and he was credited in the North with doing nothing to prevent the secession of the Southern States, or to prepare for the shock that resulted. He was in every way regarded as being unequal to the emergency.

Setting up this memorial did not involve an appropriation, but it did require senatorial action. A niece, Mrs. Harriet Lane Johnston, who as Harriet Lane was the mistress of the White House during the Buchanan regime, bequeathed \$100,000 for the purpose of erecting a statue to her uncle conditioned on Congress authorizing a site on public ground. A location in Meriden Park, Washington, was chosen, and consideration of the matter of granting permission to erect the monument there was taken up by the Senate on June 18.

In the discussion there was a flickering recrudescence of that kind of oratory that used to be called "waving the bloody shirt." But a curious cleavage was disclosed. The Democrats, with the exception of Hitchcock of Nebraska, approved the measure. Ten Republicans voted against it. Senator Lodge of Massachusetts characterized Buchanan as weak, timid, stubborn, indecisive, vacillating and disloyal, adhering to neither side in the crisis that confronted him. Senator McCumber of North Dakota and Senator Lenroot of Wisconsin, with considerable vehemence, denounced Buchanan and the policy which he pursued; but Senator Knox of Pennsylvania defended Buchanan's name; and Senator Nelson of Minnesota, who fought in the Civil War on the Northern side, took the generous and conciliatory view, while Senator Gallinger, Republican leader, urged favorable action. The site selected for the statue was confirmed by a vote of 51 to 11.

James Buchanan's death occurred just fifty years ago the first day of the present month.

Reports of the Chicago trial of the I. W. W., which has been in progress for months, indicate very grave and careful consideration of every claim that is put forth by the hundred and more defendants, though evidence is repeatedly brought out of the seditious character of their activities. Documents that have been seized, and testimony that has been given on the stand by the accused themselves, unmistakably show that they were engaged in a comprehensive effort to overthrow organized government, certainly to render property unsafe, and to make life unendurable. There would be general approval of a more summary proceeding. At such a time such a people are not deserving of that painstaking care that is so characteristic of our jurisprudence. The cross-lot route is not a safe one in legal matters, but the cutting of red tape might be indulged in such emergencies as the present.

Dr. von Kuehlmann's discourse in the Reichstag advanced nothing new, except that it switched slightly the contention of responsibility for starting the war. It is now claimed that Russia is to be saddled with the blame. Russia is down and out, and cannot effectually refute any charge. It is in just the position to be made the war goat. But its defense is not necessary. The world knows, and knowing is not moved by any such representations. The world is edified, however, by the declaration that "Germany did not for an instant believe that this war could lead to the domination of Europe, much less to the domination of the world." What Germany believed at the time it projected the war was a foresight. What it is forced to realize now is in the nature of a hindsight. There is a very considerable difference.

CIVIL SERVICE FUNDS.

It will not surprise anybody to know that in the midst of voting billions of dollars without a whimper Congress found time to pause and wield its little cheese-knife on the modest estimates of the United States Civil Service Commission. There are some prerogatives that Congress will not surrender, and one of them is the time-honored right to be petty when it comes to voting money to the Civil Service Commission—perhaps the one government department that is practically never even suspected of waste or extravagance in any form, a department which, in fact, exists for the very purpose of promoting economy and efficiency in the expenditure of public moneys.

The appropriation finally agreed on by the Senate and House was \$376,275. Last year it was \$472,325, including a supplementary appropriation of \$20,000 voted after the outbreak of war. Thus there is an apparent reduction in congressional generosity of something more than \$100,000. But actually Congress is proposing that the commission shall get along on \$150,000 less in the coming year than in the fiscal year that is just closing, for the commission had a supplementary grant of \$25,000 from the President's war chest last year. How is the commission to be able to obtain another \$25,000? Just how the appropriations of the fiscal year 1919 compare with the commissions' careful estimates for its needs is shown in the following table:

	Estimated.	Actual.
Secretary roll	\$455.700	500.000
Payroll roll	210.000	190.000
Costs	57.000	50.000
Field examiners	7.000	7.000
Expert examiners	2.000	2.000
Traveling expenses	30.000	30.000
Concurrent expenses	21.000	30.000
Stationery	20.000	20.000
Text books	2.50	2.50
Rent	16.875	16.875
Total	\$600.000	\$600.000

The commission, apparently, will lack only about \$250,000 of what it needs to discharge its duty during the second year of the war. But let us give credit where credit is due. Congress has voted, this time more money than ever before for this purpose; and it has nobly resisted the temptation to reduce that \$210 estimate for text books.-- Good Government.

Kerensky has arrived in London and wants a lift for Russia. It is often that way—the man who muddles it at the start calls for help as soon as he “hefts” the job.

Kerensky has arrived in London and wants a lift for Russia. It is often that way—the man who muddles it at the start calls for help as soon as he “hefts” the job.

The circus is an institution that we all have a soft side for and consequently that seventy-eight should have met death in the wreck of a circus train is unpleasant news. We are apt to feel that the least important person who has to do with a circus deserves a better fate than that.

The effect of the new railroad rates on travel to summer resorts has been felt here, but nowhere near as forcibly as it appears to have been felt in the East. There such a protest has been raised that such rates have been reduced 25 to 50 per cent.

"Federal grand jury shifts the airship scandal." The country understands that the airship scandal is all over, which is the thing of immediate importance. Still, it is not too late to soak anybody who may be found guilty.

Late despatches from Yakima are to the effect that an automobile has been wrecked by a bull. It was left standing in a pasture, which was Taurus' domain. It is a fact that an automobile quiescent is no match for a bull, especially if the animal has an imperfect perception of the layout.

These food restrictions are easing up. You can now buy all the pink beans that you want, as the army and navy have laid in all the boys care to eat till the next change of diet.

The presidents of two overland railroads have gone East to ascertain to just what extent they exercise authority. It is entirely a new thing for a railroad president to ask somebody else how much he is the boss of the job.

It is announced that sugar users must again reduce consumption, beginning July 1. A number of luxuries in which saccharine enters are to be curtailed.

It must be the Huns are so busy at the receptions of allied airships that they have no time for further raids upon London and other habitats of women and children and hospitals. The argument that counter irritation would work such a result seems to have been borne out.

In America streets are having their names changed because the war has brought the same into unrelishable prominence. In France just the reverse is happening. The Avenue Trocadero of Paris has been rechristened "Avenue President Wilson." It is believed the Hun will see the point.

The important news comes hurtling across that the English King and Queen like American buckwheat cakes. This substantial and not un-toothsome American provender appears to have been introduced by the American army that is sojourning over there.

The woman who created a sensation by shooting her husband was considerate enough to do it during a lull in the war news. It almost seems to have been a patriotic recognition of first-page emergencies.

SPIRIT OF THE STATE PRESS

We regret that the editorial style of the Times does not suit the distinguished traveler, Mr. Goodfellow, whose reading heretofore appears to have been largely of the writings of Maoris, Parsees, Arabs, etc. We happen to have had considerable training and experience on papers of the East Indies, the editor of this paper having furnished editorials for the leading paper of that part of the world, the Straits Times of Singapore, and other papers of the same city. However, it is impossible to please every one—*Vivian Times*.

In a recent language class in a nearby school the word "deliver" was given for sentence building. On one paper the following sentence appeared: "De liver is a very gloomy part of the body."—San Jose Mercury.

City of Richmond Association, whose home is in Richmond, should pay a little attention to home economics, if its name implies anything. The Richmond city council does not seem to be impressed with the general tendency of the times to retrench in expenditures, but is going ahead with the same prodigality of peace times, when nobody cared for expenses. But then the Richmond council is probably taking advice from the state government, which is rapidly piling up commission, administration and expense account after expense account. —Richmond Record-Herald.

Rules governing the allacore (tuna) industry have been formulated by the food administration. The price set for allacore, yellow fin and blue fin tuna, combined, is \$100 per ton. In the round, \$20 per ton. Fish that is condemned and sold for fertilizer is given a value of \$7.50 a ton.—Avalon Islander.

There are 1500 fishing launches in southern California, and about 7000 are engaged in catching fish from the ocean. Imagine one motorcycle cop patrolling a boat 200 miles in length and six miles wide! Anyway, think it over before the food fish supply of southern California is so completely shot sea netting and poaching will have to be stopped during certain seasons.—Avalon Islander.

A license to wed was issued yesterday in Sumner Cohen of Bay Point and Miss Harriet Nieman of Chicago. Mr. Cohen is the editor of the Bay Point News. Miss Nieman accompanied Mr. Cohen's sister from Chicago on a visit to her brother and other relatives in this section and a romance sprang up which is soon to culminate in a wedding—Pittsburg Dispatch.

WHO HAS THOSE PAPERS?

In addition to its complaint against restrictions placed upon Cuban exports, the Mexican government advances an additional reason for severing diplomatic relations the tampering with the papers of the Mexican minister in Argentina. Americans will not become excited over either the one complaint or the other. What Cuba has done in the matter of exports has been done at the instance of the United States. Cuba is in this war and its government will do everything it can to aid in accomplishing the defeat of Germany. As the papers said of have disappeared at Havana, we have an idea that for many months Venustiano Carranza has been suspiciously active in an effort to form in South America some sort of a combination against the United States, working particularly with Hippolyte Ingegn, president of Argentina and close friend of Luxemburg. Documents bearing upon these anti-American negotiations may have disappeared and this, again, may have been tolerated by customs officials at Havana may be advanced in the hope of breaking the effect of their disclosures when, later, these find their way into print.—New York Herald.

OUR CLASS OF 1918.

We are now calling the American class of 1918 to the colors. If this seems hurried, if there are regrets at seeing more of our youngest and best called into service, it is well to remember what has happened in Europe. Germany is now employing her "class of 1920," which means boys of 17. France, with a million of her boys already gone, has called her 1919 class of 18-year-old boys. England, hard pressed, with her youth all but spent, is being glorified by the blood of boys of this age, while she has recently prepared to call her own men up to 50. We are now calling up this year's class of men. They are fully matured and they are to take their place beside the men up to 31. They are our guarantee that America is not to be reduced, as were some other nations, by withholding fresh manhood until the first drafts were nearly exhausted. And they are our guarantee that the Americans now in France and to our allies that the war is not to be lost because America intends in any way to limit her sacrifices or hold back her best.—Brooklyn Eagle.

THE JESTER

Shocked Her

"And why did you leave your last place?" an English lady asked of an applicant for housework.

"Well, mum, it was like this," replied the woman. "One day missus ses to me: 'Caroline, she ses, 'get a wet cloth and give the Old Master a wipe over,' she ses; so I gave her notice on the spot."—Boston Transcript.

Weight vs. Whacks
 Defeated Pugilist—I weighed in all right before the fight.
 Backer—Maybe you did; the trouble is you didn't wade in during the fight.—Exchange.

By Contrast

Teacher—Jimmy, you look quite pale this morning. Are you ill?

Jimmy—No'm. Ma washed my face this morning herself.—Exchange.

Fortunate Condition
 "This man," said the keeper softly, "imagines he has millions."
 "Isn't that nice?" answered the visitor. "Whenever he needs money all he has to do is to draw on his imagination."—Boston Transcript.

SCHWAB WILL RECEIVE ROYAL WELCOME HERE

Final preparations were completed at a meeting at noon today in the Chamber of Commerce for the reception of Charles M. Schwab, who, as official representative of the Emergency Fleet Corporation, will be the guest of honor at the launchings in the estuary shipyards on July 4.

Schwab, who is general director of the work of the fleet corporation, will arrive in Oakland at noon, July 3, when he will be the official guest of the city and the state. He will be met at the foot of Clay street, where he will be brought in a special boat, officials of local shipyards, the Chamber of Commerce, officials of the union labor on this side of the bay and city officials to be on the reception committee to officially welcome the shipyard head. The party will be escorted to the Hotel Oakland by one of the shipyard bands and a luncheon, to which the public is to be welcome, will be held at the hotel under the auspices of the Chamber of Commerce.

Following the luncheon the Hanlon, Moore and Bethlehem shipyards will be visited by the distinguished guest. In the evening he will dine with his own party at the hotel, after which he will be the official guest at a meeting at the Auditorium, which will be held at the Auditorium, where the official arrangements have been made for the shipyard workers, in whose honor the meeting was planned.

The details were arranged today by a committee composed of W. H. Christie of the Bethlehem yards, M. J. Gilden of the Moore yards, J. P. Baloun, President H. C. Capwell of the Chamber of Commerce and Secretary Joseph H. Capwell.

The committee urges that business men planning to attend the luncheon on July 3 make reservations at the chamber as soon as possible, as otherwise many may be too late, as a big crowd is expected. On the day of the luncheon the affair is to be open to all and many will probably be turned away.

Dr. H. B. Mehrmann Seeks Re-election

Dr. H. B. Mehrmann, public administrator of Alameda county for the past nine years, has announced his candidacy to succeed himself at the next election, just 33 years from the time he entered the practice of medicine.

Dr. Mehrmann has been a conspicuous figure in public life in this county for years. He was elected coroner in 1885, serving for eight years. In 1899 he was appointed Public Administrator by the supervisors, and set about systematizing county records with the result that his work has won many compliments.

He is a member of various fraternal orders and clubs.

Amundsen's Vessel Starts On Pole Hunt

CHRISTIANIA, June 28.—Roald Amundsen's ship, Maud, in which the explorer will attempt to reach the North Pole, left Christiania today for the north. Captain Amundsen will board the vessel when she reaches Tromsø.

French Art Work to Be Shown Here Exhibit to Aid Blinded Fighters

What effect the world war will have upon art has been conjectured by the theorists in every quarter. What effect the war has had upon art is to be answered for the people of Oakland during the first three days of July, when at the Hotel Oakland opportunity will be given to view the official French collection of drawings, paintings and sketches made by the foremost French artists now at the front.

By arrangement with M. Willy Rogée, organizer of the exhibit, himself an art critic and retired soldier, the Oakland Art Association has been able to secure for this city the collection which is on a world tour in the interests of the blind soldiers of France.

The collection, which includes work of some of the greatest black and white artists of our day, shows also lithographic reproductions of paintings, many of them autographed by the artists, and all of which are for sale for the benefit of the French soldiers who have lost their sight in the war.

WAR INSPIRES ART.
"They have given their sight for you; give something for them," is the spirit which actuated M. Rogée and the French War Office to bring to America and California in particular this concrete example of how the war is inspiring art. At the same time we may help a bit toward a necessary work.

That the exhibit has a charitable aim is no measure detracts from its artistic merit. If there were not the incentive to attend which the little plea accompanying the announcement card bears if there were not the satisfaction of helping with a little mite toward relieving the world for the men who have lost their eyes in the battle for right, there would be adequate recompense for an afternoon or evening devoted to examining the pictures.

War, grim, horrible, brutal and devastating; war in all of its aspects is represented in these works of master French artists.

ARTISTS SEE HORRORS.
The artists here represented have all been in active fighting. Through the strife and struggle of days and nights in trenches and on battle fields they have come face to face with scenes and passions which in their normal lives were not even imagined. And from these sources they have gleaned inspiration which has touched their works with genius which might not have been theirs under other conditions.

No less notable an artist than J. L. Forain, premier French caricaturist, is represented by fifty-three reproductions, each of which is a satirical monument of the world conflict. He has shown in the works submitted for this exhibition all of the grim and terrible humor, all of the tragedy of the conflict, in the rough-hewn style of which he is master.

Steinlen, second only to Forain as an artist; Poulbot, who has submitted a wonderful collection of pictures who have to do with children, those victims of the world tragedy who in the midst of its horrors are not cognizant of its depths and its meaning; Henry de Groux; Abel Faun, Jean Béraud, Jean Lecomte, Bellecourt, Hansi, Marechoux, Scott, Gsell, and Lucien Jonas are still all represented in the collection. Jonas has sent some remarkable paintings, several lithographic reproductions colored by himself, which are an outstanding feature of the exhibit.

RAEMAACKERS' CARTOONS.
Luis Raemaekers' whose cartoons on the war have made him a man with a price upon his head among Germans, has in the present exhibition the most complete collection of reproductions of his work in existence, as well as twenty-four originals. Of Raemaekers (in the days when he had scarcely more than a score of cartoons to his credit) Maximilian

Harden said: "He is worth to the Allies at least two Army Corps." He is shown in this collection at his very best. He has grasped the big, outstanding idea in each of the situations which he has visualized, and this opportunity to witness so many of his original drawings, which constitute not only an artistic history of the war but a contemporary history of its progress, is a rare one for any city.

The exhibition is to open July 1 at 10 a. m. and will remain open daily until 10 p. m. during the two following days. A small admission fee is asked by the committee of the exhibition, and there will be opportunity for those who can to purchase any of the pictures desired, thus adding another bit to the fund which is to receive the proceeds from the world tour of the exhibit.

Patronesses for the Exhibition of the Allies for the benefit of the Blind Soldiers of France include: Miss Annie Florence Brown, Mesdames Wallace Alexander, William G. Fenshaw, George Greenwood, Spens Black, P. E. Bowles, Charles Butters, I. Harrison Clay, Frank Hunt Proctor, Wickham Havens, J. H. P. Dunn, Leon Roqueraz, James Moffitt, David E. Easterbrook, Robert M. Fitzgerald, Frederick Magee, W. W. Garthwaite, Frank Stringham, Oscar F. Long, Nelson Howard, Harry Knowles, Harry Smith, J. B. Mhoon, A. S. Macdonald, Victor Metcalf, Walton Norwood Moore, Henry D. Nichols, Isaac Regua, Bernard Ransom, H. C. Taft, H. C. Capwell, George W. Percy, Charles Wingate, Thornton White.

What is doing TO-NIGHT.

FASTEST GAME OF THE SEASON IS PLAYED ON OAKLAND LOT

PERCY AND FERDIE—A Good Craft, the "Kiddoo," but Shy on Horsepower . . . By H. A. MacGILL

Creator of the Hall-Room Boys.

Prough Is Hero When Oaks Win 1 to 0 Game

Charley Chech Hurls a Great Game, But Middleton's Triple Beats Him.

By Carl E. Brazier
Del Howard will probably never win any pennants with the Oaks this year or any other year; Del Howard will probably never get his Oaks out of the Coast League cellar this year, and Oakland fans will not go crazy over the Oaks at twilight or any other hour. But for all that, Oakland broke into the baseball spotlight yesterday with the fastest game that has been reported in professional circles in the country this year. It took just fifty-seven minutes for the Oaks and Tigers to reel off their game of last evening on the Oakland lot with Bill Prough being returned a 1-to-0 winner over Charley Chech.

PROUGH ALWAYS STEADY.
The speediest of the 1918 baseball season and this morning it had the boys talking about the fastest game in baseball history. But this brings up the fact that back in 1910 a couple of Southern League teams played a full game in thirty-two minutes, so Oakland fans will be content with knowing that fifty-seven minutes is rather fast, even though not any more than a season record.

Bill Prough has won many friends this year by turning in some fast games. He has a habit of putting the ball over and depending on his fielding support. Opposing batters know Bill's record for control and they know that it does not make him pitch more than one or two balls. Yesterday Prough was opposed to a pitcher who had just as good control—it has been said this season that control was all that Charley Chech has left—but he had enough more yesterday so that the Oaks could only find him for three hits. Both the Oaks and the Tigers were up there at the plate hitting the first or second ball pitched and there were several innings in which the pitcher did not throw up more than half a dozen balls to retire the side.

ONLY FOUR OAKS ON BASES.
The Oaks had only four men on the paths during their eight innings at bat. Two hits in the first inning, a walk in the sixth, and a hit in the seventh frame accounted for the Oaks' visits to first. In five frames they were retired in order. The Tigers hit Prough more freely and were retired in order in only two

Innings. But Prough's support was right and the pinchers the Vernon batters could not do much damage to his offerings.
The Tigers had ten men on the paths during the game—three of these were thrown out at the plate, the double steal being broken up twice by Murray. Varga, and Hack Miller coming through with a throw from center field that turned back the third Tiger who approached dangerously near the plate.

TIGERS DIE AT PLATE.
In the third frame with two out, Prough faced his only walk. Mitchell drew the pass and he went to third when Alcock singled to right. Then came the double steal sign with Mitchell trapped at the plate on Varga's return throw to Murray. Chech opened the sixth with a single to left and Mitchell sacrificed him to second. Croli made a tag off the batter at first but holding Chech on second. That play really saved the score, for if Chech had gone to third, he would have scored when Chadbourne followed with a single to center. But with Chech held to second, Miller had time to take that drive and peg to the plate to head off the run when Chech tried to score on the hit. Umpire Van Halren made his decision a bit too hastily to satisfy most of the fans, but Chech raised no protest so nobody else had any kick.

With one gone in the ninth Chadbourne poked a single just over second and went to third when Craig's drive took a high bound over Croli for a single. Borton popped up to Arlett for the second out. The Tigers needed one run to tie the score, but they would not trust the job to DeVormer, one of the most dangerous hitters on the Vernon club. The double steal again broke up at the plate, Murray to Varga to Murray. DeVormer had cracked a double to right in his last previous trip to the plate, but had not thrown up more than half a dozen balls to retire the side.

ONLY FOUR OAKS ON BASES.
The Oaks had only four men on the paths during their eight innings at bat. Two hits in the first inning, a walk in the sixth, and a hit in the seventh frame accounted for the Oaks' visits to first. Leopold-Ford Bout Booked For Holiday

Emeryville Matchmaker Takes His Time Making Up Card to Please Fans.

Joe King Leopold and Jimmy Ford will probably be one of the feature events on the Fourth of July fight card at Emeryville next Thursday but as far as making up any complete card of events to carry the Battling Ortega-Spud Murphy main battle, Matchmaker Tommy Simpson is still waiting until he can be sure he has a program that will satisfy the fans. Simpson has shown at Emeryville only once before since the first of the year and he is determined to put on a card that will come up to all the expectations of the fans.

The Ortega-Murphy bout is sure to be a hummer, so he is not worrying about that. An opponent is being sought for Jimmy Duffy in a special card and that bout may be arranged at tonight's fight show across the bay. But the program of preliminaries will not be made up until Simpson is sure of the main event. The complete card will be announced tomorrow. In the meantime Bat Ortega is putting his training work to rest and is back in condition after his long layoff that was necessitated by his injured hand.

NILES WINS FROM VERNON.
Having handed a week the Veronians traveled to Niles Sunday and received the short end of a 3-to-0 score. Niles scored their eight hits in three frames, but hit a hard luck. The score: NILES, R.H.E. George, c. 2 0 0; Rodriguez, ss. 1 0 0; Dracel, ss. 2 1 0; Niles, 1b. 1 1 1; Stock, 2b. 1 0 0; Anderson, cf. 0 1 0; O'Leary, 3b. 1 0 0; Gaudin, if. 0 1 0; Cabral, p. 1 1 0; Brown, p. 1 0 0; Pratt, rf. 1 1 0; Chalk, 1b. 1 0 0; DeWitt, 2b. 1 0 0; O'Leary, cf. 1 0 0; Silva, p. 0 1 0.

Boxey Middleton followed with a hard drive into left center that went for three bases. Then came Hack Miller with a single to right and a double to center. Van Halren made his decision a bit too hastily to satisfy most of the fans, but Chech raised no protest so nobody else had any kick.

With one gone in the ninth Chadbourne poked a single just over second and went to third when Craig's drive took a high bound over Croli for a single. Borton popped up to Arlett for the second out. The Tigers needed one run to tie the score, but they would not trust the job to DeVormer, one of the most dangerous hitters on the Vernon club. The double steal again broke up at the plate, Murray to Varga to Murray. DeVormer had cracked a double to right in his last previous trip to the plate, but had not thrown up more than half a dozen balls to retire the side.

Tennis Titles At Stake in Tourney Play

Semi-Finals and Finals Slated for Berkeley Courts Tomorrow and Sunday.

Tennis lovers will be afforded a rare treat tomorrow and Sunday at the Berkeley Tennis club with the winding up of the Pacific Coast Tennis Championship tournament, which has been in progress during the past two days. Many upsets have occurred in this tournament, the most notable being the defeat of Miss Helen Baker, present champion, at the hands of Miss Myers. Braren, who has but recently outgrown the Girls' Junior club at Golden Gate Park. Miss Myers' success was aided by defeating Mrs. J. C. Cushing, that stalwart and seasoned player of the Berkeley Tennis club. Many fans felt that Miss Braren would cut her path through to the finals, but her stumbling block was Miss Anita Myers, present champion of the Pacific Northwest. Miss Myers lost the first set to Miss Braren at 4-6, after which she seemed to have found her range and took the next two sets rather easily at 6-2 and 6-1. Miss Myers exhibited the tennis form displayed by her in the Panama Pacific championship tournament, at which she defeated Miss Molla Bjurstedt, the Norwegian girl, and holder of the championship title of the United States.

The surprise in the men's singles has been Victor Breeden, who attained a notable achievement by defeating Byron Griffin, 10-0, in the first round. Breeden, a player of considerable note, Mr. Breeden will meet either Roland Roberts or Mervin Griffin in the second round. The youngest of the Griffins, Mervin, is playing his first tournament and he will have his hands full on both days, appearing in the finals and semi-finals of both tournaments. Griffin's match against Bowin Dietrich last Sunday was an exhibition of very high-class tennis, the match being in doubt until the middle of the third set, when Griffin finally broke through.

Roland Roberts, picked by the wise ones to win the men's singles, will meet Mervin Griffin in the second round. The winner will meet Victor Breeden in the final. The semi-finals and finals will be the best thing for the fans to see.

The schedule of matches follows:
SATURDAY, JUNE 29.
2:00 p. m., Court No. 1—Semi-finals, ladies' doubles: Helen Baker vs. Marjorie Wade and Marjorie Thorne.
2:00 p. m., Court No. 2—Semi-finals, men's mixed doubles: All contestants please be on hand.
3:00 p. m., Court No. 1—Finals ladies' singles: Mervin Griffin vs. M. J. Parker, best 3 out of 5 sets.
4:30 p. m., Court No. 1—Finals ladies' doubles: Carolyn Crawford vs. Marjorie Thorne and Marjorie Wade-Marjorie Thorne.

SUNDAY, JUNE 30.
10:30 a. m., Court No. 1—Semi-finals, men's singles: Roland Roberts vs. Mervin Griffin, best 3 out of 5 sets.
Noon, Court No. 1—Finals, men's doubles: Victor Breeden vs. Griffin and Levy, best 3 out of 5 sets.
2:30 p. m., Court No. 1—Finals Coast championship ladies' singles: Anita Myers, Berkeley, vs. Mrs. Ellis, Pasadena.
3:30 p. m., Court No. 1—Finals, Coast championship men's singles: Victor Breeden vs. winner Roland Roberts and Mervin Griffin, best 3 out of 5 sets.
5:00 p. m., Court No. 1—Finals Coast championship match: Junior doubles: Carolyn Crawford vs. Marjorie Thorne and Marjorie Wade vs. Smith and Griffin match, best 3 out of 5 sets.

Terie Desch Stars in Del Monte Tank

DEL MONTE, June 28.—Mrs. Terie Desch was the individual swimming star of last evening's performance in the Del Monte tank. Mrs. Desch won the 440-yard swim and also the 120-yard breast stroke. No records were broken in the evening's races. Ruth Crane, San Francisco swimmer, also starred in last night's races, winning the 25-yard dash and placing second in the plunge for distance and the 440-yard swim.

Complete results:
440-yard swim—Mrs. Terie Desch, Mabel Green, Gladys Boehmer. Time, 8:05.
120-yard breast stroke—Terie Desch, Mabel Green. Time, 2:01.
25-yard dash—Miss Duncan, Phyllis Tibbitts, Helen Joyner. Time, 32 seconds.
Plunge for distance—Ruth Crane, Phyllis Tibbitts, Helen Joyner. Time, 32 seconds.
25-yard dash—Ruth Crane, Phyllis Tibbitts, Helen Joyner. Time, 32 seconds.
Plunge for distance—Ruth Crane, Phyllis Tibbitts, Helen Joyner. Time, 32 seconds.

Frank Troeh Wins Trapshooting Trophy

FORT SNIELLEN, Minn., June 27.—Frank M. Troeh, amateur, Washington state champion, won today's regular event at the annual tournament here of the Minnesota Trapshooting Association. He got 197 breaks out of a possible 200 and won the Hudson trophy. L. B. Maytag of Newton, Ia., finished second with 181 and Harry D. Taylor of North Dakota was third with 172.

The annual event of the day for the medal donated by O. N. Ford of San Jose, Cal., was won by Dr. F. M. Allen of Staples, Minn., with a score of 193.

AVENUE THEATERS LOSE

The Avenue Theater lost to Richmond All-Stars Sunday, at thirty-second and Louisa, by the score of 6-2. Barney pitched shut-out ball for four innings without allowing a hit. In the fifth inning the Richmond boys scored four runs on four hits and two errors. Ted Kroechel caught a good game, holding up Barney in great shape. The Avenue Theater is open to night.

POTTER'S STARS LOSE IN NINTH

The Glen Athletic Club defeated Potter's All-Stars by the score of 5-3 in one of the fastest games of the season. The feature of the game was the batting of Costa, who hit home in the ninth inning with side winding runs. Alaric scored on Parker's hit and Parker scored on a wild pitch to third. Score: Potter's, R.H.E. F. Lewis, c. 0 1 0; Alaric, 1b. 1 0 0; P. Lewis, 2b. 0 0 0; Costa, 3b. 0 0 0; Parker, cf. 0 0 0; Vilt, 3b. 0 0 0; Gasper, rf. 0 0 0; Edwards, lf. 0 0 0; Fernandez, rf. 0 0 0. VALLEJO, June 28.—Lieutenant Max Cox, athletic officer at the Mare Island Naval Station, will be in the local rings some time ago and now in the east, was in the corner behind Larry Lasher and Chris Derrick, Tuesday night. Burdick is an old hand at handling boxers and it is a good thing for the game to see him in the corners.

ALVARADO IS DEFEATED

Alvarado met defeat at the hands of the San Leandro All-Stars by the score of 8 to 4, in an interesting game. The Alvarado fans showed great interest in the game, and the big crowd was on top. J. Vargas, who buried for the All-Stars, was unbeatable in the pitcher, and Alvarado batters found him for only five hits. The score: Alvarado, R.H.E. Caldera, lf. 0 0 0; Silva, c. 0 0 0; Lave, 2b. 0 0 0; Molondrillo, s. 0 0 0; Gosalves, cf. 0 0 0; Camarero, 2b. 1 0 0; Smith, 1b. 0 0 0; J. Vargas, p. 0 1 0; Richmond, p. 0 0 0. Totals 0 0 0. Summary: Stolen bases—Lewis 1, Smith 1. Sacrifice hits—Lewis, Camarero, Richmond. Two-base hits—Lewis, Silva, J. Vargas. Struck out—By Vargas 8, by Richmond 3. Bases on balls—By Vargas 2, Richmond 1. Double plays—Lewis to Camarero, Camarero to Vargas, Molondrillo to Vargas, Richmond to Smith. Umpire—Silva. Time of game—1:40.

ANOTHER WIN FOR ELKS

The Big Brother Elks added another win to their long list when they defeated the Honolulu Club by a score of 5 to 3. Frost and McDonald started with the stick for the Elks. Frost hit home and McDonald a triple. Carpenter pitched for the Big Elks and held the Honolulu Club to six hits. The score: Elks, R.H.E. Stolen bases—Lewis 1, Smith 1. Sacrifice hits—Lewis, Camarero, Richmond. Two-base hits—Lewis, Silva, J. Vargas. Struck out—By Vargas 8, by Richmond 3. Bases on balls—By Vargas 2, Richmond 1. Double plays—Lewis to Camarero, Camarero to Vargas, Molondrillo to Vargas, Richmond to Smith. Umpire—Silva. Time of game—1:40.

THE EASTERN MERMAIDS

Olga Dorfner and Gertrude Artell, the clever Philadelphia mermaids, will leave for Neptune Beach July 6 and an interesting program of events has been outlined for them by Herbert Hauser, in charge of aquatic events at Neptune. Miss Dorfner's mother and Fred A. Cady, one of the greatest coaches the game ever knew, will accompany the girl on their western invasion. Cady writes that the young mermaids were never in better condition and he predicts that they will shatter some records while on the Coast. Miss Artell is a sprint artist, being able to hold her own with the best up to 220 yards, while Miss Dorfner is better over a longer distance, favoring the 500-yard races.

THE EASTERN MERMAIDS

Next Sunday California's speediest mermaids will meet in a 440-yard race at Neptune and such swimmers as Frances Cowells, Terie Desch, Dorothy Burns, Mabel Green, Edith Hickman, Catherine Flaherty and Hazel Cunningham will be entered. On the same afternoon the girls of the Neptune swimming club will hold their first novice meet.

MATROSE BUTTERS WIN

The Matrose Butters defeated Mare Island Electrical School by the score of 8 to 6. Davis, for the winners, twirled good ball in all except one inning, when the naval boys made most of their runs. Score: MATROSE BUTTERS, ELECTRICAL SCHOOL. Kenna, 1b. 0 0 0; Wing, 2b. 0 0 0; Deacy, cf. 0 0 0; Mason, s. 1 1 0; McKenna, 2b. 0 0 0; Spahn, 1b. 0 0 0; Cullen, 3b. 1 1 0; Pierott, 1b. 0 0 0; Morton, s. 0 0 0; McFadden, rf. 1 0 0; Hughes, ss. 1 0 0; Mendenhall, lf. 0 0 0; Baser, c. 0 0 0; Brownfield, p. 0 1 0; Davis, p. 0 0 0. Totals 8 6 0.

Feature Games In Bay League Races Sunday

Battles Booked at Richmond and Santa Clara Look Like Best On Schedules.

By EDDIE MURPHY.

While the big race battle in the Central League at Richmond next Sunday between the Marines and the Athletics looks to be the feature of the day, the Bay League races at Santa Clara and Richmond are expected to be of some interest.

The Athletics are scheduled to play the Marines at Richmond at 2:30 p.m. and the Athletics are expected to win. The Athletics are expected to win.

The Athletics are expected to win. The Athletics are expected to win. The Athletics are expected to win.

Health and Happiness

Revelations of a Wife

—by Adele Garrison—

(Continued from Yesterday.)

God's BEDTIME STORY

BY HOWARD B GARIS
UNCLE WIGGILY AND THE JULY
TORPEDO.

Uncle Whiskey Longears, the rabbi gentleman, was out walking up and down in front of his hodgepodge stump galow one day, when under a prickly thorn hedge he heard a voice saying, "I wish we had something like a really good one like a tundo!"

"So do I," said a second voice. "It's all right enough to have July crackers that are sugar coated and that break with a snap like a fire cracker. But we boys ought to have something that would really shoot."

Uncle Whiskey peered over the hedge and saw a little boy named Bessie and a little girl named Bessie.

"What in the world are you doing boys?" asked the bunny uncle, making his pink nose twinkle so fast that it looked like the red lamp on the back of an automobile.

"Really?" asked Uncle Wiggily.

"No, not really powder—only make believe," said Johnnie. "But we put it in the rain water pipe cannon, and then we throw it outa and it makes a cloud of dust and we holler 'Bang, Bang!' as loud as anything, and we pro-

"Well, as long as it is only make-believe it is all right," said the bun-
nhead. "But you mustn't play with real powder."
That's the old-fashioned kind of powder,
"Well, why not?" asked the bun-
head. "Because so many children used to get
burned. Now we have pencils and paper
cream cones."
"But I wish we had something that
would really shoot like a real torpedo
and make a bang-bang noise all by it-
self," said Billie with a sigh.
"So do I," added Johnnie. "I don't
s'pose we can, though; can we, Uncle
Wiggly?"
The rabbit gentleman didn't see
anything for a few seconds. He looked

at the black pile of sand, which was the make-believe powder, and he looked at the rain-water pipe cannon on the baby carriage wheels and then Uncle Wiggy said:

"You wait here for me, boys!"

Into his hollow stump bungalow he hurried, and you may be sure that Bill

"I wonder what he's going to do," spoke Billie.

"I don't know, but I hope he'll make us a July torpedo that really **bang-bang!**" said the other squirrel.

"Well, they're better than cannon balls," said Johnny with a laugh.

But it wasn't popcorn balls at that Uncle Wiggily had. It was a lot of blown up paper bags, filled with wind.

"What are you going to do with them?" asked Billie.
"Make July torpedoes for you," answered the bunny.
"Can you?" asked Johnnie.
"Watch and see!" laughed the bunny as he pinked his twink nose, as a school of sharks from twinkling his pink or

Then Uncle Wiggily put one of the blown-up paper bags, full of wind, inside the rain water pipe cannon on the baby carriage wheels.

"Bang! Bung! Bling!"

"How's that for a July torpedo cake non ball?" asked the bunny.

"Fine!" cried Billie and Johnnie. They shot off a lot more blown up paper.

So if the crust of bread doesn't
to hide inside the loaf when the carving
knife comes after it to play tag, I
tell you about Uncle Wiggly and the
doll's wig.

36 Oil

For Salads

The ideal salad oil, which takes the place of olive oil at very much less cost. Users like Douglas

Oil better because of its delicate flavor.

For Frying

Use Douglas Oil for frying in place of all other

fats—for its flavor and digestibility. Use it for seasoning just as you would butter—both for meats and vegetables.

GERMAN RULE OF POLAND IS TERM OF PACT

LONDON, June 28.—Germany and the Russian Bolshevik government, in a secret convention regarding the future of Poland, have virtually agreed to cooperate in crushing Polish Nationalist aspirations. Details of the treaty had been printed in The Nation's voice of Cracow, Gahen, according to a despatch to the Times from Milan.

The Bolshevik government pledged itself to recognize Austro-German sovereignty in Poland and to aid in finding it against the former allies of allies.

The Cracow newspaper describes the treaty as a "scandalous document showing the treachery of the Bolsheviks and the baseness of the Germans." It gives the gist of the eight articles of the agreement as

First—The Polish policy shall be conducted by Germany.

may keep in touch with democratic and revolutionary clubs in Poland through agitators known to the German information bureau.

Fourth—The sending of agitators to Germany and Austria shall be suspended by the Russian government.

Fifth—Russia shall exercise strict vigilance over Polish national groups so as to prevent them from fighting in the Russian territory.

Sixth—Russia shall consider violation of the frontiers of Lithuania and the Ukraine by Polish troops as a declaration of war on Germany and Austria-Hungary and shall aid in crushing such troops.

Seventh—Russia shall prevent Russian citizens from investing their own or French, British or American capital in any industrial undertaking in Poland.

to recognize the new state of things to be created by Germany and Austria in Poland and to defend it against Russia's former allies.

Nurse Is Bride of Realty Secretary

nurse at the Receiving Hospital today became the bride of Frederick W. Cooper, secretary of the Meeks Estate Company, the Hawley Investment Company and other companies interested in land, with offices in the syndicate building. The groom is superintendent of the extensive ranching interests of the companies he represents, with ranches at Hayward, in Yolo county and elsewhere.

May Ask Government for Retroactive Pay

meets tonight to discuss the Macy order, demanding the government rate for all shipyard workers, and to also consider claims for retroactive pay for members of the union who to date have not received the full scale. The meeting will be important, according to business agent Mike Gabbett, and the men are awaiting definite action with interest. Several demands have been made on the union officials to speed action in this wage dispute, which the heads of the organization hope to settle without again having recourse to complaints to the Federal government. Should the retroactive pay demand develop another dispute the government, according to the union officials, will be appealed to at once, lest more serious complications result.

KING GEORGE
WILL PITCH FOR
GAME ON 4th

LONDON, June 28.—King George has consented to follow the presidential precedent in the United States by throwing the first ball at the American baseball game on the Fourth of July, it was reported today.

The players will dine in style at the Savoy before the game, and drive to the Chelsea football grounds in his four-in-hand coaches.

Sanity of John Doak
Under Advisement

PORTLAND, Ore., June 28.—Judge Morrow in the county court had under advisement today the question of John L. Doak's sanity. Doak, who is a member of a wealthy San Francisco family, was convicted recently as a "check-raiser." Prior to this conviction he had been declared insane.

The jury in the check case was instructed to return an acquittal if it believed Doak insane. Judge Morrow heard a habeas corpus petition in which it was asserted Doak could not be found guilty of insanity.

BRITISH SHIP
WITH MUNITIONS
DIVERED, SUNK

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE

A GULF PORT, June 28.—Private advices have been received here that the British steamship Atlanta has been torpedoed and sunk.

There were no casualties, the report says, but no date or place of the disaster is given.

The ship was laden with munitions.

BIG ELECTRIC
FIRMS GIVEN
RATE ADVANCE

A general advance in electric rates to three big companies operating in Northern California was announced today by the State Railroad Commission.

The Pacific Gas & Electric, Great Western Power and City Electric companies are permitted to increase commercial lighting rates 1 cent per kilowatt hour, power rates two-tenths of a cent, city street lighting and all uses by the State 10 per cent, energy sold to electric railways and other electric companies one-tenth of a cent and to abrogate all rate discriminations in force.

Among the chief reasons stated for the emergency is the daylight saving law, which has cut down consumption. The increase order is of "temporary character," the commission states. It adds \$2,000,000 a year to the Pacific Gas & Electric revenue and \$500,000 to the revenues of the other two companies, but still leaves the Pacific Gas & Electric \$500,000 short of its financial requirements. It is stated.

The commission states the purpose of the order is to provide sufficient revenue to satisfy the needs of the public and to protect the financial status of the companies.

CITY OUTS BIG CROP.
VALLEJO, June 28.—Commissioner of Public Works Robert O. Pierce reports that a big crop of hay has been harvested on the municipal land in Wild Horse valley, where Pierce and employees of the city sow the land.

BOARDS READY
TO CLASSIFY
NEW DRAFT

Oakland draft boards are preparing for the work that will be necessary to segregate the men who have become 21 years old since the first draft list was drawn.

Some of the questionnaires sent out have been received and all will be in by the middle of next week.

The draft numbers drawn yesterday have virtually no significance in determining the place of the registrant as being subject to call to the colors. When the classifications are made, however, the numbers will determine the place in each class. All of the new registrants will be placed at the bottom of the present list in the various classes, but as Class 1 virtually is exhausted in nearly all of the districts, those who are placed in that class from the new registrants are certain to be called almost immediately.

Present indication, according to draft board members, is that all the new draft will be in uniform before the end of this year, and many of them probably will be in France. The local boards will compile lists just as soon as the questionnaires are checked up. Then the numbers drawn yesterday will give the registrant his place in his class and will enable him to tell approximately the time he will be called to training camp.

In the list of the drawing published in THE TRIBUNE yesterday there was a duplication in the division of numbers under the subhead "701 to 710." In this division the numbers after 562 should have been 563, 564, 565, 566, and not 1134, 36, 1066, 68. These numbers, which were duplicated, properly belong in the division under subhead "721 to 730," where they also appear.

CHARGES FOLLOW
WOMAN'S RELEASE

SAN JOSE, June 28.—Accusations and charges today followed the acquittal of Ruby Raymond, a woman on trial as the outcome of raids by the police and army authorities. The jury returned its verdict after deliberating less than an hour.

The trial was largely attended by church people and by members of the Patriotic Service League, and this organization threatened to prosecute action. The church people were subjected to censure by Attorney J. B. Peckham, representing the Raymond woman.

"The church people don't care for justice," he asserted.

District Attorney Arthur M. Free, in his address to the jury, said: "San Jose is on trial in this case as well as Ruby Raymond, and is on trial before a jury composed of the military authorities. The government has served us with an ultimatum, saying we must either clean up or lose the soldiers. The woman of the underworld is the musician of the Hun, and if you are patriotic you will render your verdict in accordance with your government's call."

Attorney Peckham said: "The church people don't care for justice. What they seek is a victim so that they may gain favor in the eyes of their pastor. They feel, poor misguided creatures, that they can get to heaven by hounding a poor fallen woman. If you are men of that stripe you will convict her. If you are real men you will acquit her."

James O. Greenan
Wins Commission

James Owen Greenan, son of J. O. Greenan, 706 Calmar avenue, secretary of Draft Board No. 4, has just received his commission as second lieutenant with the Twenty-seventh Engineers at Camp Lee, Virginia, according to information received here today. Young Greenan made his commission in the record time of six weeks.

Greenan left Oakland April 10 for Camp Mead. He gave up a \$100-a-month position as superintendent of the Olympia Vines Company to enlist with the engineering detachment at \$30 a month. He was soon afterward promoted to chevrons, and won his promotion in two weeks over a month. As a result of this unusual record, he will be sent to the officers' training camp for the prescribed period and then returned to his own regiment.

Rodeo Outfit Gives
Parade in Oakland

Cowgirls and cowboys, clad in the garb of the cattle range, paraded through the downtown district yesterday afternoon, calling attention to the fact that San Jose's annual Fourth of July roundup is to be held with its customary accompaniment of "bad" horses and skillful riders. With their glancing colored silk shirts and wide sombreros, the riders presented a picturesque appearance. Many were decorated automobiles and big sleighs ambled along with a rider on his back. The roundup is to last four days and is expected to be largely attended from all parts of the state.

"WOLF," PRIDE
OF COMMISSION
MARKET, LOST

"Wolf," pride of the commission market, is lost somewhere in Alameda. This is the reason for the gloom that reigns among the vegetable dealers, and why Lloyd Stetson of the Hunt-Hatch Company, owner of the dog, was almost unable to work today.

"Wolf" is an Alameda terrier, famed for his fighting proclivities in the market. Stetson lost him while attending a theater in Alameda yesterday and commission men, whose friends are busy looking for him.

"Wolf" is declared the best guardian of poultry and vegetables in the market. He already has three thieves on his credit.

TO DISTRIBUTE DIPLOMAS.
County School Superintendent Geo. W. Frick will conduct the last graduating exercises of the school year at Irvington tomorrow night and distribute the diplomas to the class.

LOSES \$800 IN
JAIL, IS CLAIM

SAN FRANCISCO, June 28.—Aid of the United States Army intelligence office has been brought to bear on the case of Colin D. Stuart, invader of British soldier who says that, while mentally deranged by shell shock, he was arrested, and that somewhere during the time he was in police custody \$800 of his money disappeared. The police books do not show more than \$19.05 when he was released, and when he was informed of this the British veteran sought Federal aid. The lost money, he says, was in bills, all marked with his name and with a small blue seal placed on them for identification.

Stuart went suddenly temporarily insane at the Cliff House, the result of shell shock, and attacked his wife. He was held in the city prison several days before he became normal.
